Solid Waste Management

The Directorate of Environment had granted permission for the formation of an Enviro-club in Vellalar College for Women from October 2002 to May 2008. From June 2008 onwards the College has launched an Enviro-club to provide opportunity for the student community to observe and learn more about nature and its diversity, thus motivating them to involve actively in environment related activities and campaigns.

On 19.08.17, Dr. A. Mohan Kumar, Assistant Professor of Zoology and NSS Officer, Chikkanna Government Arts College, Tirupur, delivered an interesting and enlightening speech on the topic "Solid Waste Management". Students are urged to develop organic manure pit on campus with an emphasis on cultivating environmental advocacy among the students.

In a move to reinforce the vitality of the eco-friendly ancient Indian practices, on 26th August 2017, the Enviro Club organized a Training Program on "Seed Ball preparation from different kinds of Seeds". 200 students participated and prepared seed balls, a natural farming substance with the materials like cow dung, clay soil, red soil and many seeds like neem seeds, tamarind seeds, pomegranate seeds etc., to conserve plants.

The Enviro club volunteers undertook an eco visit on 31.08.2017 and 01.09.2017 to Coorg, a place which is famous for its serenity & scenic beauty with various vegetation, wildlife, world-class coffee and the Kodavas, the ethnic warrior people of Coorg, wherein the members of enviro club gained greater awareness on environmental issues such as protection, conservation, preservation and restoration of forest.

As an ongoing effort to utilize the ways of improving everyday living, the club organized a farm visit to Jain Irrigation System Ltd. Udumalpet, on 23.09.17. Dr. Sundar Singh, Chief Agronomist, explained the working of drip irrigation system. Dr. Gobreal Manogar, a scientist in Tissue Culture Unit, spoke on the varieties of banana and pomegranate cultivated in tissue culture lab and its transplantation in main field. A drip irrigation engineer Mr. Sivakumar elaborated on the various types of drip irrigation and its utilities. To sensitize the essentiality of cleanliness
