# Syllabus

# $L^{A}T_{E}X$

The Basics- Simple Typesetting - Fonts – Type Size – The Document – Document Class – Page Style – Page Numbering – Formatting Lengths – Parts of a Document – Dividing the Document.

- 1. Prepare a share certificate and a degree certificate.
- 2. Prepare a document using the options of paper size, heading declarations, font size and title.
- 3. Prepare a business report to be published in a Business Magazine.
- 4. Write a letter to the Bank Manager to avail loan for starting a business.
- 5. Prepare a questionnaire (minimum 15 questions) in your area of specialization (Marketing/ Finance/ HR).
- 6. Prepare a Bibliography.
- 7. Prepare Curriculum Vitae.

# **MS POWER POINT**

- 1. Design a packing label for any product of your choice in MS Word and display it in MS Power Point.
- 2. Prepare a Power Point presentation for the following:
  - Product Advertisement
  - Company Advertisement using hyperlink to all slides, different animation effect for text and pictures, fully automatic timing 3 seconds.

# MS EXCEL

- 1. Prepare a table showing the customer details of a bank ( Customer Name, Nature of Account, Account Number, Address, E-mail ID) and perform the following:
  - Delete the customer who has closed the account.
  - Insert a row in between the 1<sup>st</sup> and 2<sup>nd</sup> customer.
  - Insert a column in between Address and E-mail ID and name it as Telephone Number.
  - Hide the column 'Address'.
- 2. Create a table of a company with the following details (Name of the Employee, Name of the Department, Net Pay, Address, City)
  - Copy the production department employees in sheet number 2.
  - Copy the details of the employees staying in Coimbatore city.
  - Find the person who is getting a maximum salary.
- 3. Prepare a payroll for the employees (10 employees) of an organisation and count the number of employees who are getting the salary of more than Rs.10,000/-. Calculate the following components: DA, HRA, EPF and LIC as a percentage of basic pay and sum up the total basic pay and find net pay of all employees.
- 4. Prepare an excel sheet under the main heading of assets & liabilities and perform the following:
  - Select a column and change the number format to rupees and paise(0.00) format. Select a particular range of cells and change its font style as bold; select a row and hide it.
  - Use shortcut key, go to sheet 3 and select a cell.
- 5. Prepare a breakeven chart using chart wizard.

# MS ACCESS

- 1. Collect and create a database for maintaining the address of the policy holders of an insurance company with the following constraints:
  - Policy number should be the primary key.
  - Name should not be empty.
  - Maintain at least 10 records.
  - Retrieve the addresses of female policy holders whose residence is at Coimbatore.
- 2. Create a database using design view for sales details of a company.
  - Add details for 10 places and 5 products.
  - Sort sales territories in alphabetical order.
  - Display list where sales exceed Rs.10 lakhs.
  - Apply sort option to display records (Area wise and Product wise).
  - Generate reports by using the above queries.

# Statistical Package for Social Sciences (SPSS)

- 1. Using the questionnaire prepared by you with LaTex, Calculate the following:
  - Mean, Median, Geometric Mean and Harmonic Mean
  - Standard Deviation, Variance and Check the Consistency
  - Non-parametric Test Chi-square, ANOVA, F-test and "t" -test
- 2. Fit a straight line for the given data using Regression.
- 3. Find Correlation for the given data.
