WORKSHOP ON TAMIL LANGUAGE SKILL DEVELOPMENT

OBJECTIVE:

The intention of this workshop is to develop and enhance Tamil Language communicative skills of the first year students.

The students enthusiastically participated in the sessions conducted by the following subject experts in the workshop held on 23.06.2016

Translation:
Dr S.Viswanathan
Associate professor in Tamil
Ramakrishna mission Vidhiyalaya Arts And Science College
Coimbatore- 641020.

Language is not only an instrument of expressing ideas but it enhances one's knowledge to lead a life. The usage of language should reach the younger generation. No world exists without water. And it is the scientific truth that the fresh water and air get life only by the trees. This is emphasized in Thirumanthiram and it encourages the activity of planting of saplings. Students, instead of spending money for their Birthday celebrations, have to plant trees which will be helpful ever after their generation.

Grammer:

Dr.R.Jothimani
Assistant professor in Tamil
Chikkiah Naicker College,
Erode .
        Due to the lacuna of language practice, we fail in differentiating the pronunciation of la, zha,ra ,rra,na, nha. As per the saying Practice makes the man perfect, special speech practice in Tamil is necessary. So spoken Tamil classes are to be conducted.

        As it is important to improve our physical and mental strength, the great writer Thirumoolar's thought of declaring or considering our body a Temple and soul as God was also discussed by the resource person. Tamil Grammar was also taught with examples using board.

Modern Poetry

Dr.K.R.Subramani
Assistant professor in Tamil
Thiruvalluvar Arts College
Rasipuram.

        The form of poetry is very old. There are two types of poetry - classical poetry and modern poetry. Classical poetry has definite form to follow.

The form of poetry which has no grammatical restrictions is called modern poetry. It has attained new perspectives. The pioneer in modern poetry is Bharathy. Some of the renowned modern poets are: Na.Pichamoorthy, Po.Raju gopal, M.Metha, Sirpi.Bala subramaniam, Meera, Kamarasan, Tamilanaban and Abdul Rahman.

A few magazines and journals such as Manikodi.., played a vital role in the development of Modern poetry. There was opposition for modern poetry and modern poetry was criticized as absurd. Gradually, the modern poets started to gain attention. Three line "Haiku" poem was introduced in the modern poetry which was born 400 years ago in Japan. Thus modern poetry got its popularity by making changes in the classical poetry.

Short story

Dr.S.Thirumoorthy
Assistant professor in Tamil
Government Arts College,
Komarapalayam.

The genre short story is one of the developing genres in Tamil. The habit of story telling is eternal. A short story consists of theme, ethos and feelings. Brevity, clarity and suspense are the hall marks of short story. The first short story ever written in Tamil was Veeramaamunivar's "Paramaartha Guru and his disciples'. Short story is derived from our contact with foreigners. V.O.C wrote the short story 'Kulathankarai Arasa Maram' with the grammar of short story. Sujatha wrote short stories with scientific outlook. Raja Narayanan wrote short stories with countryside ethos.

REPORT

The Department of Mathematics of Vellalar College for Women had organized a UGC funded Guest Lecture on "Competitive Skills in Linear Algebra" during 14 – 15 September, 2016. The Programme started with the welcome address by S.Padmavathi, Assistant Professor, Department of Mathematics. Also she introduced the chief guest.

In the Technical Session, Dr.K.Karuppiah, Programme Associate, Department of Applied Mathematics, Bharathiar University, Coimbatore delivered a talk on "Competitive Skills in Linear Algebra". He began his talk by explaining the techniques to prioritize the subjects by proportionality of questions from the subjects in competitive exams. He continued with the fundamentals of Linear Algebra. The hands – on training provided by him gave enormous interest to the students for the upcoming competitive examinations.

On 15.09.2016, the day started with a test to monitor the progress of the students regarding the previous day's class. The session continued with the Eigenvalues and Eigenvectors of a matrix. The second and last day of this guest lecture was an exclusive session for matrices. At the outset the guest lecture provided a thirst for knowledge in Linear Algebra. The programme ended successfully with a thanking note by Dr.R.Parvathi, Associate Professor & Head, Department of Mathematics.

RESEARCH COMMITTEE MEETING – 16.09.2016

<u>REPORT</u>

The menace of predatory journals is escalating alarmingly in the last few years. To create awareness about the fake open access journals among researchers, a Faculty Development Programme was organized by the Research committee and IQAC on 16.09.2016 with Dr.R.Sevukan, Head, Department of Library and Information Science, Pondicherry University as the resource person. In his talk, the guest speaker accentuated the risk factors while publishing an article, fidelity of a journal, impact factors, avoiding citations from such journals, selection of quality journal through journal selection tools for manuscript submission and the available websites to identify fake journals. The speaker expressed his discontent about the dilution in the field of research and also exhorted that as a researcher we should standardize the method of research and publication because the predatory journals are not only deceiving the authors but are also polluting the academic and scientific research world.
