WORKSHOP ON TAMIL LANGUAGE SKILL DEVELOPMENT

OBJECTIVE:

The intention of this workshop is to develop and enhance the communication skills of the first year students in Tamil.

The students enthusiastically participated in the sessions conducted by the following subject experts in the workshop held on 20.06.2018

Modern poetry

Kavingar Nanthalala

Thiruchi

What is a poem? – Explanation – Compare to Film Songs – Types of Poems – Aim and objective of Free Verse – Usage of Padimam in Poetry -Like Explanation for the poem – Creative power of Students thinking in different ways.

Short Story

Dr.K.Sivakumar

PG & Research Department of Tamil,
Theivanai Ammal College For Women(Autonomous)

Villupuram

Our ancestors worshiped nature and literature as god. They lived their entire lives in divine and unique ways. There is a bloom of literary materials from the date of Sangam till today. Short stories play a vital role in today's world of literature. Because today people do not find time to stop admire in this busy world. This is the reason why short stories arrived in a refreshing way. These short stories view the visual life of people. The scriptural construction of short stories is that they must be in a boundary of one page and 3000 words. They must be read within one hour.

Moreover they must stimulate the reader's mind through their fastness. To be precise, they must be like a horse race.

Usage of Tamil

Mr.R.Sankar

Assistant Professor & Head

Department of Tamil

Thiruvannamalai

Due to the lacuna of language practice, we fail in differentiating the pronunciation of la, zha,ra ,ra,nh, nha. As per the saying Practice makes the man perfect, special speech practice in Tamil is necessary. So spoken Tamil classes are to be conducted.

6. Brief Report of the Programme :

UGC Funded Workshop on "Android App Development" was conducted on 23.06.2018 with Mr. A. Mohamed Abdul Kadar, CEO and Co-Founder, DoozyLabs, Chennai as resource person. The intention of this workshop is to develop the Android App Development skill among students and to make them to design their own Android Application. Initially he demonstrated the Procedure to download and install Android Studio and explained the basic concepts of Android and Android Architecture. In the lab, the students were trained to develop a Hello word Android project. In the afternoon session a clear explanation on Android App development was given. The students have created some Android projects at the end of the session. Nearly 45 members were benefited through this programme.

(IWCAM – 2018)

Report

Department of Mathematics had organized UGC – CPE funded International Workshop on Computational and Applied Mechanics (IWCAM – 2018) on 09.08.2018. The first session was handled by Dr.S.Sivasankaran, Associate Professor, King Abdulaziz University, Saudi Arabia and spoke on “Introduction to Computational Fluid Dynamics (CFD)”. He introduced CFD and discussed a few useful applications of CFD. The next session was handled by Prof.K.K.Vishwanathan, Kuwait College of Science and Technology, Kuwait, in the topic “Free vibration of cross – ply laminated cylindrical shells filled with fluid under shear theory using splines”. He explained the fundamental idea of vibration in fluid under shear theory and its various applications in engineering fields. Around 190 participants including Faculty members, Research scholars and B.Sc., Mathematics students benefited through this workshop.

ABOUT THE INSTITUTION

Vellalar College for Women established in July 1970, has a significant contribution to empowerment and enrichment of rural women. Already achieved the highest 'A' Grade, the Institution has upheld the status with an increased CGPA value of 3.43 on a four point scale in its Third cycle Accreditation by the NAAC. The college has raised its bar by attaining the status of **College with Potential for Excellence**, bestowed by UGC. The **57th Rank in the NIRF**, Ranking 2018, is an authentic recognition of the resplendent legacy of the Institution.

ABOUT THE DEPARTMENT

The Computer related courses in Self – Financing Wing was established in the academic year 1993-94 with M.C.A. and extended with UG courses such as Computer Science, Computer Applications, Information Technology and Computer Technology and PG courses such as M.Sc. Computer Science and P.G.D.C.A. The department is strengthened with 38 dedicated faculty who shape around 1100 students in diverse aspects. The department has progressed rapidly with excellent infrastructure. The department organizes Guest Lectures, Workshops, Seminars, Skill Oriented Programme and Intercollegiate Meet to enhance the potential of the young aspirants. The department encourages the active participation of the students and faculty in their academic pursuits. Our students have enrolled in various online courses like Spoken Tutorial-IIT Bombay, NPTEL, Swayam etc. to enrich their knowledge.

ABOUT THE SEMINAR

The seminar is to expound the value and relevance of emerging technologies in the field of computer. It aims to bring together the academicians, research scholars and students to enhance the knowledge with innovative concepts and intellectual ideas in the areas of **Machine Learning, Green Computing** and **Big Data Analytics**.

Machine learning is an application of Artificial Intelligence (AI) that provides a system of ability to automatically learn and improve from experience without being explicitly programmed. It is hoped that the outcome of this seminar will create an impact in the field of research in computer science. The goal of **Green Computing** is to reduce the use of hazardous materials, maximize energy efficiency during the product's lifetime and promote the biodegradability of defunct products and factory waste. **Big Data Analytics** is the process to uncover hidden patterns, unknown correlations, market trends, customer preferences and other useful business information. It is expected that the outcome of this seminar will create an impact in the field of research in computer science.

The Self – Employment Training and Start-Up Centre is an initiative undertaken by the college with a focus to improve the skills of women in the society thereby increasing the number of women entrepreneurs. It serves as a potential drive in building the entrepreneurial qualities among the younger generation. The Centre acts as a promoter in transforming the status of people by exploiting the opportunities, new technology and various innovative schemes introduced by the Government of India by offering various training programs including the manufacturing of eco-friendly products, with a notion to make them self-employed and elevate the economy of the nation.

The Self-Employment Training and Start-Up Centre was inaugurated by our Secretary **Mr.S.D.Chandrasekar** and Principal **Dr.N.Maragatham** on 01.09.2018. A one-day workshop was organized by Start-Up Centre for general public women on **Incense Sticks and Paper Bag making** wherein 25 women participants got benefited. On 08.09.2018 & 29.09.2018 the Centre has also organized one-day workshops on **Embroidery and Mixed Fruit & Pineapple Jam Making** respectively for general public. Around 25 women participated and were benefited out of these programmes. The Start-Up Centre jointly with the Department of Chemistry has organized **Hands-on-Training on “Flower Making”** to various Self-Help Groups in and around Erode on 07.02.2019. **Mrs.Meenakshi Venkatesh**, Director, Meenakshi School of Fine Arts, and Ms.S.Keerthana, Arts and Craft Teacher, Meenakshi School of Fine Arts, Erode has innovatively trained the women folks. Around 50 members were actively participated.

Guest Lecture

under UGC Autonomous Grant

REPORT

The Department of Mathematics had organized a guest lecture programme under UGC Autonomous Grant on 10.09.2018. Dr. N. Ramanujam, Srimad Andavan College, Tiruchurapalli, was the Chief Guest. In Lecture I, he spoke on "Differential Equations and Applications". His talk was very much interested and innovative to the students and the faculty members. He introduced the concepts of Differential equations with real life applications, so that the students were able to think the uses of differential equations. He delivered a lecture on "Introduction to Mathematics" in Lecture II where he shared concepts of Nature, Science, Engineering, Technology and Mathematics in a different way. The students of B.Sc (Mathematics) felt that the lecture was very useful and has given a very clear idea about the applications of Mathematics in real life situations.

Thiru.S.D.Chandrasekar, B.A., Secretary & Correspondent, Vellalar Educational Trust offered his felicitation and Dr.N.Maragatham, Principal, Vellalar College for Women offered her felicitation through message due to other inevitable urgent official commitments. In Technical session I, **Dr. J. ARAVIND**, Professor in Biotechnology, Environmental Biotechnology Section, School of Biological and Chemical Sciences and Technology, Addis Ababa Science and Technology University, Addis Ababa, Ethiopia gave a lecture on “**Biopolymers**” He explained elaborately the important Biopolymers, their potential applications and the scope for emerging new Biopolymers.

Dr. M. Ilanchelian, Assistant Professor, Department of Chemistry, Bharathiar University, Coimbatore served as the Resource person for the Technical session II and he delivered a lecture on ‘**Naked eye and Optical Biosensing of Biologically Important Molecules using Metal Nanomaterials**’. He had presented the different aspects of the optical

Biosensing of biologically important nanomaterials, their applications and the wide range of analytical methods that are available for their characterization.

In Technical session III, **Dr. M. PrashanthiDevi**, AssistantProfessor, Department of Environmental Management, Bharathidasan University, Tiruchirapalli enlightened theparticipants on“ **New Tools to Meet New Challenges: Emerging Technologies for Environmental Management** ”She had emphasized the proper utilization of technology for educational purpose and the scope of technology for environmental analytical applications.

In Technical session IV, **Dr. Nagarajan Loganathan**, AssistantProfessor, School of Chemistry, Bharathidasan University, Tiruchirapalli. delivered a lecture on “ **Inorganic Elements in Biological System and Medicine** ”in which he elaborately explained the significance and role of inorganic elements in biological systems and medicine.

. Feedback from the enthusiastic participants was obtained in the Valedictory session. Dr.D.Indumathi, Assistant Professor & HOD, Department of Zoology proposed the vote of thanks and certificates were distributed to the participants. Number of beneficiaries of the seminar is 601 including 43faculty members and 558 students from our institution and other institutions.

4.	Date of the Programme	24.09.2018
5.	Details of Resource Persons	1. Mrs.K.MARAGATHAM, Project Officer, Integrated Child Development Services (ICDS) Scheme, Ministry of Social Welfare, Govt. of Tamil Nadu, Erode. 2. Mrs.R.LATHA Child Development Project Officer (CDPO), Ministry of Social Welfare, Govt. of Tamil Nadu, Erode (Rural Block). 3. Dr.S.VIJAYAKUMAR, MD (Paediatrics) Selvam Paediatric Care Hospital, Karungalpalayam, Erode. 4. Dr.D.SRIDEVI, Associate Professor and Head, Department of Nutrition & Dietetics, Dr.N.G.P. College of Arts & Science, Coimbatore.

Brief Report of the Programme

The UGC funded one day Symposium on “The Young Child Expo and Trends In Paediatrics” was organized by the Department of Nutrition & Dietetics on 24.09.2018.

Mrs.K.Maragatham, Project Officer, Integrated Child Development Services (ICDS) Scheme, Ministry of Social Welfare, Govt. of Tamil Nadu, Erode District inaugurated “The Young Child Expo” by lighting the lamp and delivered the inaugural address. She stressed on the prevalence of anaemia among vulnerable groups and its preventive measures. Thiru.S.D.Chandrasekar, Secretary of Vellalar College for Women felicitated the gathering. Ten Child Development Project Officers (CDPO) from Erode district participated in the

exhibition. The Anganwadi workers of the respective blocks displayed the exhibits. Every year the first week of September month was celebrated as National Nutrition Week.

The Union Ministry of Women and Child Development has announced this year to observe September 2018 as National Nutrition Month (NNM) to mark the country's fight against malnutrition. Hence the theme of exhibition was POSHAN Abhiyaan (PM's Overarching Scheme for Holistic Nourishment).

The academic sessions commenced after the exhibition.

Session I: Role of ICDS in Child Development Mrs.R.Latha, Child Development Project Officer (CDPO), Ministry of Social Welfare, Govt. of Tamil Nadu, Erode (Rural Block) highlighted on the mission of ICDS. The components of ICDS Scheme namely Supplementary Nutrition, Pre-school and non-formal education, Nutrition & Health Education, Immunization, Health Check up and Referral Services.

Session II: Good Nutrition for Growing Children Dr.S.Vijayakumar, MD (Paediatrics) Selvam Paediatric Care Hospital, Karungalpalayam, Erode stressed the significance of Recommended Dietary Allowances (RDA) and nutritional guidelines from infancy to adolescents.

Session III: Integrated Nutritional Management of Childhood Illness Dr.D.Sridevi, Associate Professor and Head, Department of Nutrition & Dietetics, Dr.N.G.P. College of Arts & Science, Coimbatore briefly explained about the major killer diseases namely Pneumonia, Malnutrition, Diarrhoea, Measles and Malaria which predominantly occupies the childhood illness and also the nutritional management of these disorders.

Around 175 students from nutrition and other programmes were benefitted through this symposium. The expo and the trends in paediatrics made a great impact in understanding the present scenario and of action for change focusing on women and children.

DATA VISUALIZATION & MIND MAPPING TOOLS FOR RESEARCH

(28.09.2018)

A one day workshop on “**DATA VISUALIZATION AND MIND MAPPING TOOLS FOR RESEARCH**” was organized by PG and Research Department of Library and Information Science, Vellalar college for women (Autonomous) Thindal, Erode on 28.09.2018 .

The programme started with silent prayer. The welcome address was given by Mrs.M.Priyanka ,Asst. professor. Ms.D.Mercy Lydia, Asst. professor introduced the resource person. Mr.T.Stephen, Head of the department of Library and Information Science gave brief description about the topic.

Mr.J.Arumugam, Senior Librarian, PSG College of Technology, Coimbatore was the resource person of the workshop .He gave a brief introduction about data visualization and mind mapping. He explained the techniques for creating diagrams, images using various web based software and tools such as Piktochart and Edraw max. He has shown some examples for us.

Then, he explained mind mapping tools and methods. Mind mapping is used to visually organize the information. He demonstrated the essentials of mind mapping tools for learning and research. It helped to visualize and externalize the concepts and ideas.

The workshop helps to chart out information to a better recall and generate ideas. The resource person gave hands on training in web based and open source software based on the topic. The students created diagrams and mind maps using the software; Coogole, Edraw max and pikto chart. The outcome of the workshop is that the students are trained in using mind mapping and data visualization tools for their power point presentations in future.

Ms. G.Dhanya, Secretary, Bibliotheque Club de Vellalar proposed vote of thanks. The workshop ended with National Anthem.

The Self – Employment Training and Start-Up Centre is an initiative undertaken by the college with a focus to improve the skills of women in the society thereby increasing the number of women entrepreneurs. It serves as a potential drive in building the entrepreneurial qualities among the younger generation. The Centre acts as a promoter in transforming the status of people by exploiting the opportunities, new technology and various innovative schemes introduced by the Government of India by offering various training programs including the manufacturing of eco-friendly products, with a notion to make them self-employed and elevate the economy of the nation.

The Self-Employment Training and Start-Up Centre was inaugurated by our Secretary **Mr.S.D.Chandrasekar** and Principal **Dr.N.Maragatham** on 01.09.2018. A one-day workshop was organized by Start-Up Centre for general public women on **Incense Sticks and Paper Bag making** wherein 25 women participants got benefited. On 08.09.2018 & 29.09.2018 the Centre has also organized one-day workshops on **Embroidery and Mixed Fruit & Pineapple Jam Making** respectively for general public. Around 25 women participated and were benefited out of these programmes. The Start-Up Centre jointly with the Department of Chemistry has organized **Hands-on-Training on “Flower Making”** to various Self-Help Groups in and around Erode on 07.02.2019. **Mrs.Meenakshi Venkatesh**, Director, Meenakshi School of Fine Arts, and Ms.S.Keerthana, Arts and Craft Teacher, Meenakshi School of Fine Arts, Erode has innovatively trained the women folks. Around 50 members were actively participated.

Time : 10.00 am – 4.00 pm

A decorative border consisting of a repeating pattern of asterisks surrounds the text. The border is composed of a top row, a bottom row, and vertical columns on the left and right sides, all made of small, black, eight-pointed asterisks.

On 13.10.2018, the IQAC and IPR Cell jointly organized a one-day Faculty Development Programme on Intellectual Property Rights and Innovations. Dr. M.KanthaBabu, Director, Centre for Intellectual Property Rights, College of Engineering, Anna university, Chennai, was the resource person. He said that the intellectual property rights are the rights given to persons over the creations of their minds, He added that by intellectual rights a person or a company will have exclusive rights to use their own plans, ideas or other assets, without competition at least for a specific period of time. These rights can include copyrights, patents, trademarks, and trade secrets, he said. Nearly 120 faculty got a broad idea of how creations of mind could be protected for further growth in research, innovation and employment.

Data Science – Basics and Applications in Research

28.01.2019

Report

Date : 28. 01. 2019	Venue : Laboratory IX
Topic : Data Science – Basics and Applications in Research	Organized by : Dept. of Computer Science
Resource Person:	No. of Participants : 54
Dr. N. Senthil Kumar Professor Department of Biotechnology School of Life Science Mizoram University Aizawl, Mizoram	III B.Sc. Computer Science Students : 44 II B.Sc. Computer Science Students : 06 Faculty Members : 4

DBT funded workshop on Data Science – Basics and Applications in Research was conducted on 28.01.2019 with **Dr. N. Senthil Kumar**, Professor, Department of Biotechnology, School of Life Science, Mizoram University, Aizawl, Mizoram as resource person. Workshop includes Studies related to Introduction to Bioinformatics, Genomics, Construction of Phylogenetic tree construction, Mitochondrial Gene Phylogeny, Biological Databases, molecular docking, drug design, Genome Sequencing and Human Identity testing based on Genome variations. In the afternoon session phylogenetic tree has been constructed to find the similarity among the selected organisms using MEGA and BLAST tools.

Report on Creation of Scientific Awareness Programmes

Catalyzed and Supported by TNSCST, Chennai and

**Organized by the Department of Chemistry, Vellalar College for Women, Erode-
12**

**Name of the Programme : Workshop on Creation of Scientific Awareness for Self
Help Groups**

**Venue : KasthurbhaKalaiaragam ,Vellalar College for Women,
Erode-12**

Date and Time : 07.02.2019, 09.00 am to 3.45pm

The Inaugural session started with a welcome note by Dr.N.Vijaya, Assistant Professor Department of Chemistry Vellalar College for Women, Erode-12. Mr.S.D.Chandrasekar , Secretary and Correspondent, Vellalar Educational Trust and .Dr.N.Maragatham, Principal, Vellalar College for women, Erode-12 offered their felicitation.

The first session was aHands on Training on Flower Making by **Mrs. MeenakshiVenkatesh**, B.F.A, Director,Meenakshi School of Fine Arts,Erode. The participants of various self-help groups got practical training on making various beautiful and useful

handicrafts. **Ms. Keerthana**, Arts craft Teacher, Meenakshi School of Fine Arts, Erode offered training to the participants on preparation of Banquet models.

In the afternoon session, **Dr N.Anjana Devi**, Associate professor and Head, Department of Botany took the participants for a field visit to the medicinal plants and Herbal garden in the campus and explained about the medicinal plants and their uses. Many health- related medicinal values of the plants were discussed in this session. This made the participants to know the importance of the plants in and around our environment, for physical well-being.

Then the participants were given a demonstration by **Dr.N.Sabitha**, Associate professor and Head, Department of Nutrition and Dietetics on the preparation of low cost nutritious health mix using locally available ingredients and hands on training to test the common adulterants in food. **Dr.S.Ponne** Associate Professor from the Department of Foodsand Nutrition gave a presentation on Health and Nutrition awareness to the participants. Her session focused on the causes and remedies for anemia. Many diet related issues were exchanged in this regard, to make a proper diet plan to eradicate this particular disease.

Around 55 members from SHG attended the programme. Feedback was obtained from them and **Dr. D. Parimala Devi**, AssistantProfessor and, Head Department of Business Management, VCW proposed the vote of thanks.

In the valedictory session feedbacks were collected from the self-help group members and certificates were distributed.

GUEST LECTURE ON FULBRIGHT FELLOWSHIPS

REPORT

A Guest lecture on Fulbright Fellowships was organized by IQAC jointly with PG Department of Library and Information Science on 14.02.2019. Ms. Lalitha Nagesvari, Programme Manager, USIEF (United States India Education Foundation) was the resource person. She shared the knowledge about the Fulbright-Nehru and other Fulbright Fellowships for Indian Citizens such as Masters Fellowships, Doctoral Research Fellowships, Post Doctoral Research Fellowships, other scholarship schemes and exchange programmes through USIEF for the students, Research Scholars and Faculty members for around 84 participants.

Details of the UGC Funded One Day State Level Workshop Conducted

1. Name of the College : Vellalar College for Women (Autonomous), Erode
2. Organized by : Post Graduate and Research Department of History
3. Title of the Programme : Commercial Contacts and Trade Routes of Kongu Country
4. Date of the Programme : 02.02.2019
5. Details of Resource Persons:
 1. Dr. M Senthurpandian
Associate Professor,
Post Graduate & Research Department of History,
Government Arts College (Autonomous),
Coimbatore.
 2. Dr. S. Nantha Kumar
Archaeological Officer,
Department of Archaeology,
Coimbatore.

6. Brief Report of the Programme:

The Department has organized an UGC funded one day State level field workshop on “**Commercial Contacts and Trade Routes of Kongu Country**” on 02.02.2019. The workshop was conducted at Kodumanal in Chennimalai, an archaeological site of Kongu region. The Resource persons of the day were ~~Dr. M. Senthurpandian~~ Associate Professor of History, Government Arts College, Coimbatore, and ~~Dr. S. Nantha Kumar~~, Archaeological Officer, Department of Archaeology, Coimbatore. Kodumanal is a village located in Erode District of Tamil Nadu. It was once a flourishing ancient trade city known as *Kodumanam*. The participants along with the resource persons visited the site, which are noted for the collection of artifacts, roulette pottery, roman silver coins, and gold and silver spirals. The resource person Prof.M.Senthurpandian delivered a lecture on Commercial Contacts of the people of Kongu Region. He emphasized the historical importance and values of the Megalithic tombs and Menhirs. Further he explained about set of 300 Megalithic tombs and Cairn circles of different types and sizes were observed and recorded in this area. The Megalithic communities that flourished in this site belong to

the period of 2nd century BC to 2nd century AD. The resource person explained the people of this area were experts in manufacturing the finest iron articles.

The next session was chaired by Dr.S.Nandha Kumar, highlights the archaeological importance of this site. Kodumanal is the only site which consists of both burial and habitations. Till this date 8 phases of excavation has been completed by Archaeological Department of India, Tamil Nadu Archaeological Department, Tamil University, Tanjore, and Pondicherry University, Pondicherry. The students were collected unique artifacts in the site through field exploration mode.

The students were taken to Vijayamangalam Jain Temple, Vijayamangalam was an ancient Jain centre that belonged to the Digambara Sect. The Jain Temple has been declared to be of national importance under the Ancient Monuments and Archaeological Sites and remains Act 1958. The Archaeological glory of the temple was explained to the students by the resource persons. The students gained knowledge on the uniqueness of the temple structure, inscriptions, sculptures, stone pillar carvings, decorated ceilings and the Mandapas. The students had an opportunity to learn the architecture of the temple and heritage values and its existence. 4 Faculty Members, 3 Research Scholars and 69 students were History benefitted through this programme.

About the Institution

Vellalar College for Women, a pioneer institution in the cause of women's education has a long and impeccable tradition of unparalleled devotion, commitment and integrity. Since its inception in 1970, the institution has taken great strides in fulfilling its mission of education and there by empowering women especially first generation women scholars hailing from rural areas. After achieving the status of Autonomy in 2007, there has been a spurt of innovations and revisions in the curriculum, research pursuits, teaching-learning methodology in accord with the changing context of globalization. Being an institution affiliated to Bharathiar University, it offers 28 UG, 15 PG, 13 M.Phil. and 8 Ph.D. Research Programmes, 8 UGC Carrier Oriented Add on Courses and 3 Bharathiar University approved certificate courses in Aided and Unaided stream with a students' strength exceeding 6000. NAAC has accorded 'A' Grade with CGPA 3.43 (III cycle). All 7 Science departments of Aided stream are supported under DST-FIST Programme and 5 Science departments viz., Botany, Chemistry, Nutrition and Dietetics, Computer Science and Mathematics are participating in the STAR College Scheme funded by Department of Biotechnology (DBT). The UGC has bestowed the institution with CPE for its overall excellence in the domain of education in 2011 and extended the coveted status for another term of five years in 2016. It is retrospectively elating that our institution has secured 57th position in NIRF 2018.

About the Department

The department of Computer Science established in 1987, has 4 UG (Computer Science, Computer Applications, Information Technology and Computer Technology), 2 PG (M.Sc. Computer Science and MCA), one PG Diploma (PGDCA), M.Phil. and Ph.D. (FT & PT) Programmes under its umbrella. The department caters to the higher education needs of 1300 students with 50 competent teaching and non-teaching faculty members. It has 10 well equipped laboratories with 700 computers.

Seminar Theme

IoT is the interconnection of computing devices embedded in everyday objects via the Internet to send and receive data. It enables the interconnection and integration of the physical world and cyber space. IoT also represents the trend of future networking, and leads the third wave of the IT industry revolution and acts an essential driver for customer-facing innovation, digital transformation, data-driven optimization and automation. Blockchain and AI technologies pave way to ensure trust, authentication and standardization across all elements of IoT. Blockchain enables device autonomy, individual identity, and integrity of data and supports peer to peer communication by removing technical bottlenecks and inefficiencies. IoT collects the data and AI processes this data in order to make sense of it. Machine Learning is the most demonstrated AI innovation that can process data based on predictive analytics and activating real-time tasks in IoT. The motivation behind this seminar is to pull out the innovative thinking in students towards the design of trends and technologies in IoT.

Programme Schedule

22.02.2019

- 09.00 am to 09.30 am : Registration
09.30 am to 10.30 am : Inauguration
10.30 am to 10.45 am : Coffee Break

10.45 am to 12.00 Noon: Technical Session I

- Resource Person : **Dr. U. Srinivasulu Reddy**

Arumuganainar**, Technical Director and Scientist 'E', National Information Centre, Tirunelveli delivered a talk on *Blockchain – Future of Internet*. **Dr. U.Srinivasulu Reddy**, Associate Professor, Department of Computer Applications, National Institute of Technology, Trichirapalli handled technical session on *Machine learning using IoT*. In the afternoon session **Dr. K. Vasanth**, Professor, Department of ECE, Vidya Jyothi Institute of Technology, Hyderabad presented a talk on *Data Analytics in IoT*. About 200 members were benefited through this programme

Organizing Secretary & Head of the Dept.

Principal

Report

UGC funded One day State Level workshop was organised on 28.02.2019 on the topic “Tools to Revitalize Research and Teaching”. **Dr.S.K.Kavitha**, Asst.Professor, Department of Chemistry, Vellalar College for Women, Erode delivered a talk on “**Research Based Pedagogical Tools (RBPT) for Teaching Science**” for the faculty members of Science departments. During her presentation she explained about RBPT which means Research Based Pedagogical Tools and it can be made possible by means of contextualization. Research based pedagogical tools have many other names like research based learning (RBL) and problem based learning (PBL). RBPT tools contain “5R’S” i.e., Recognize, Require, Refine, Reward and Report. Research possess many features such as a knowledge base, effort skill, problems, a team of people, scientific method, practical work, a thesis, late night studies and a viva. The structure of RBPT contains context, problems, activity, output, assessment and resources. A good context should contain three qualities. They are provocative, authentic and integrated. A good problem should have “3C3R” problem model. The 3C’s are Content, Context and Connections. The 3R’s are Researching, Reasoning and Reflecting. Utility, Solvability and impact makes a good problem. Finally science can be experienced in everyday life. RBPT was also elaborated with suitable examples for easy understanding.

Creative Galleria - WORKSHOP

A workshop was conducted on 28/02/19 to 01/03/19 for the students on the topic “**Creative Galleria**” Mrs. **PREMA RAMESH**, Fevicryl Expert Teacher, Erode, educated the II BSc.,(41 no’s) students about the techniques involved in warily painting, Mahbubani painting.
