"SCIENCE IS FUN AND PRIDE - DEMONSTRATION OF BASIC SCIENCE EXPERIMENTS"

Date : 11.03.2020
Venue : Government Middle School, Siraimettanpalayam

A Report

The Department of Physics has organized and conducted an outreach program for the students of Government Middle School, Siraimettanpalayam on 11.03.2020 to bring out the hidden talents of students and with a focus on creating more enthusiasm on Science. Under the guidance of the faculty members, I B.Sc Physics students has prepared around 30 basic Science working models related to Newton's law, Surface Tension, Pascal's law, Density, Laws of Reflection, Periscope, Pressure, Centre of Mass, Projector, etc. They demonstrated the models which gives an explanation in some interesting physics concept and how they can be seen in real life. Study materials were provided for school students. The school students were interacted with our students and make clear their doubts by asking about the scientific concepts forming the basis of the model. The students were fascinated by the simple models which were displayed and they were exposed to handle the models. 65 students from Standard VI to VIII were benefited through this programme which can be used for learning various scientific concepts. For our students, it is a great experience so that they can think more concepts and prepare models in the forthcoming year. Beneficiaries have given a good feedback about the programme and they asked to arrange the program in the next year also.
