NATIONAL CADET CORPS

15(TN) BN, NCC –ERODE

MEGA TREE PLANTATION AND AREA CLEANING PROGRAMME

30.09.2016

47 NCC cadets of Vellalar College for Women have- dressed in brown and worked for ever green. Hence, they have organized a Mega Tree Plantation Programme and Clean India programme along with the Non-Governmental Organization –Olirum Erode Foundation and JCI on **30.09.2016** at Erode Cancer Centre, Erode.

Through the olden literature, we came to know that, our ancestors had received the rainfall thrice in a month. But now - a- days, we are not even receiving once in three months. This is mainly due to deforestation. Our earth has become polluted and got enriched with green house gases like CO₂, NO₂, etc., which resulted in the lack of rainfall and the dissipation of the fields. In order to overcome these problems, our government and our many other Non-Governmental Organizations are insisting the public-not to cut the trees, but to plant the same.

Thus in-order to promote afforestation, the NCC cadets involved themselves in planting the trees saplings. Tree plantation is nothing but the planting of tree saplings in the surroundings with a proper maintenance. This Mega Tree Plantation programme was initiated by the chief guest **Dr.K.VELLAVAN** MD.RT., Consultant Radiation Oncologist, Cancer Chemotherapist & MD- Erode Cancer Center, Erode and **Dr.(Tmt).D.KAMALAVENI.**, Principal Vellalar College for Women, Erode at Erode Cancer Center on the way from thindal, Erode to Perundurai road near Chinthamani

Petrol Bunk. The cadets have planted 25 trees saplings under the guidance of the CEOs **B.Chandra sekar, K.Kannan & S.Raja of Olirum** Erode Foundation. They also have watered the saplings and covered it with bamboo curtains to prevent the saplings from the bite of animals. Many volunteer workers of that hospital have involved themselves in this task. Those cadets were also accompanied by the ANO Capt.N.Kavitha of Vellalar College for Women. The cadets have also cleaned the surroundings by removing the waste polythene bags, plastics,etc., before the commencement of the programme until 10.15 am. Later organized tree plantation programme terminated at 11.30am of the day.

REPORT

VELLALAR COLLEGE FOR WOMEN (AUTONOMOUS), Erode-12

NATIONAL CADET CROPS

15 (TN) BN, NCC, ERODE.

Cadets of Vellalar College for Women took part in the "MEGA TREE PLANTATION" program held at Eswaran Kovil street along with Non Governmental Organisation "Siragugal Amaippu" in Erode on 06.08.2017 at 7 am and ended at 9.30 am . 60 saplings were planted in the streets of Eswaran Kovil to SPP silks in the whole sale market place of Erode. To create awareness among the cadets about tree plantation and its effect on environment and society this programme has been organized. To provide safety and protection to the saplings guards were placed covering each saplings. These guards were highly strong to provide protection to the saplings for more than three years. These guards may protect these saplings from animals and other things till the saplings grown up into trees. After planting the saplings, they were watered. One more important thing to be noted here is that proper arrangements were made to water the saplings periodically for their constant growth. Saplings of good varieties were planted and selection was made which will withhold the hot climate and less consumption of water.

Trees absorbs co2 and releases o2 which is basically needed for every living and non living being. Now-a- days vehicles are releasing a large amount of co2 which causes global warming on earth. The trees absorb these co2 and save the earth from global warming. They give us food. They increases the rate of rain fall and

WOMEN CELL

REPORT 2019-2020

In commensurate with International Women's Day Celebration, the women's cell and velluchangal launched an extensive plantation programme on 03.03.2020. The students and staff members of the club selected the empty places to plant saplings in a well organized manner. Around 50 saplings were planted within the campus.
