**Sidewalk under Greenery**

The students and the faculty are advised to use walk-friendly pathways for safety and comfort. To add green value to the pathways landscaping is designed to control noise and dust and to provide shade while walking. The Pedestrians are expected to value the landscaping as the first impression of the educational ambience and as one that raises the interest level in the institution.

### **Vehicular Emission**

Vehicular pollution causes several adverse effects on human health and ecosystem. Every vehicle owner is mandated to possess PUC (Pollution Under Control), an authorized certification granted to vehicles that successfully pass the regulated PUC Test. All vehicles need to be taken to the authorized Emission Testing Centre to check the emission levels and for periodical checks twice a year. The institution is apprehensive about environmental protection and sustenance and vehicles without PUC certificate will not be permitted to park inside the campus from 01.08.2018.

### Cycle Your Way to College

Bicycles are more environment –friendly and a low maintenance mode of transport. The students and the staff are advised to use bicycle as it is a relaxed and healthier way of commuting. Cycling helps one to get destressed and to appreciate nature around. The institution promotes cycling as a simple, eco-friendly transportation option and also has plans of using battery powered vehicles in the near future.

### Go Green No plastic

In commemoration of the World Environment Day on 5<sup>th</sup> June, the Institution announces 'Ban Plastics' on the premises. The faculty, the staff and the students are requested to adhere to the following:

- ❖ Ban single use non-biodegradable plastic bags, cups and straws
- ❖ Stay away from 'Use and Throw' plastics and pens
- ❖ Use reusable and recyclable book bags
- ❖ Remember BYOB- an environmentally sound slang – 'Bring Your Own Bag', when you go out shopping
- ❖ Switch over to metal and glass bottles from plastic water bottles
- ❖ Dispose non-biodegradable things in the separate bins
- ❖ Remember Eco-friendly alternatives – Cotton, Paper, Jute, Stainless steel, Wood, Bamboo, Pottery and other ceramics
