WORKSHOP ON TAMIL LANGUAGE SKILL DEVELOPMENT

OBJECTIVE:

The intention of this workshop is to develop and enhance the communication skills of the first year students in Tamil.

The students enthusiastically participated in the sessions conducted by the following subject experts in the workshop held on 21.06.2017

Modern poetry

Dr. S.Gurugananambiga
Assistant Professor,
Department of Tamil,
Avinasilingam Deemed University
Coimbatore - 641043

The 19th century witnessed a renaissance in the poetry of Tamil Literature. Only after the arrival of Bharathi, there was a rise in the development of Tamil Poetry. Also the credit of making the Tamil Poetry a common asset and a right of the people in the society by blending the religion and the individual man goes to the great poet, BHARATHI. As Wordsworth remarks, 'Poetry is the spontaneous overflow of powerful feelings', the Modern poetry defines the same.

The three periods of modern poetry (PHUDHU KAVITHAI) are as follows:

- Manikodi kaalam , [1930 to 1945]
- Eluthu Kaalam [after 1950]
- Vanambodi kaalam [after 1970]

Short stories

Dr. M.Chithambaram
Associate Professor,
PG & Research Department of Tamil,
Allagapa Government Arts College,
Karaikudi – 630 003.

" A short story is a prose narrative requiring from half an hour to two hours to complete" says EDGAR ALLANPOE. "Both the beginning and the end of a short story must be captivating like a horse race with utmost sweetness" marks SEDGEWICK. According to V.V.S.AYIR," Short story must be full of poetic essence in it."

In ancient TAMIL LITERATURE, all the "THANIPAADALGAL" are short stories. Some of the best modern short story writers are PUDHUMAIPITHAN, K.P. RAJAGOPAL, K.N. SUBRAMANYAM, N. PICHAMOORTHY, B.S. RAMAIYA, N. CHIDAMBARA SUBRAMANIAM, C.S. CHELLAPA, M.V. VENKATRAMAN, MOWNI and JAYAKANTHAN.

"PONNAGARAM" by Pudhumaipithan, "KANAIYAALIYIN KANAVU" by Kalki, "MUDIYUMAS?" by K.P. Rajagopal, "MAAYA MAAN" by N. Pichamoorthy, "MANAKOLAM" by Mowni, "SIVAPU RICKSHAW" by T. Janakiraman, "PAGALNERA PASSANGER VANDI" by Jayakanthan are some of the best known short stories in Tamil.

Usage of Tamil

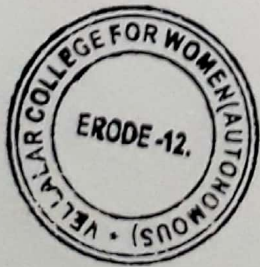

Dr. K. Murugesan
Assistant Professor & Head
Department of Tamil
Kongu Nadu Arts and Science College,
Coimbatore – 641029

Source language, grammar and syntax- phrasal verbs - idioms were memorized thoroughly -
Formation of sentence

Students should clearly understand the theme and then translate into Tamil without making any mistakes in the plot.

There are two main goals to grammar–translation classes. One is to develop students' reading ability to a level where they can read literature in the target language. The other is to develop students' general mental discipline. The users of foreign language wanted simply to note things of their interest in the literature of foreign languages. Therefore, this method focuses on reading and writing and has developed techniques which facilitate more or less the learning of reading and writing only. As a result, speaking and listening are overlooked.

Vellalar College for Women (Autonomous),

'College with Potential for Excellence'

(Reaccredited with 'A' Grade by NAAC & Affiliated to Bharathiar University, Coimbatore)

Erode – 12.

Venue : Conference Hall Time: 09.30 a.m – 04.30 p.m

Kannan, aims at promoting the progress and upholding the cause of science in the pure and applied branches. Its major activities include publication of scientific journals and special volumes, organizing meetings of the Fellowship and discussions on important topics, recognizing scientific talent, improvement of science education, and taking up other issues of concern to the scientific community. As part of the science education programmes, the Indian Academy of Sciences, Bangalore in association with the Indian National Science Academy (INSA), New Delhi and The National Academy of Sciences, India (NASI), Allahabad organize programmes for the improvement of science education in the Universities and Colleges throughout the country.

About the Institution

Vellalar College for Women, a pioneer institution offering quality education for the cause of women empowerment was established in 1970. It is an Aided Institution of the Government of Tamil Nadu, affiliated to Bharathiar University. The status of Autonomy was conferred in the year 2007. The college offers 26 UG Programmes, 13 PG Programmes, 13 M.Phil., and 9 Ph.D., Research Programmes, 8 UGC Career Oriented Add-on Courses and 3 Bharathiar University approved Certificate Courses in Aided and Unaided streams. NAAC has accorded 'A' grade with CGPA 3.43 in 2015 (re-accreditation III cycle) to the institution which vouches for its academic dimensions and magnitude.

All the seven science departments of Aided stream are supported under DST-FIST programme. Five science departments viz., Botany, Chemistry, Nutrition and Dietetics, Computer Science and Mathematics are participating in the STAR College Scheme funded by Department of Bio-technology (DBT). The UGC has bestowed the institution with 'College with Potential for Excellence' for its overall excellence in the domain of education in 2011 and extended the coveted status for another term of five years in 2016.

About the Department

The Department of Mathematics was established with UG course during 1970 and now upgraded to Research Department offering M.Phil and Ph.D programmes. So far, 3 Ph.D and 35 M.Phil Research Scholars have completed. The department has well trained professors with high academic knowledge. For the benefit of teachers and students, the department had organized various academic events such as Workshops, Seminars, Conferences, Training Programmes at national level funded by UGC and NBHM.

About the Workshop

Analysis is the foundation of all manifold branches of mathematics. Starting from the real number system, analysis is extended to multi variable calculus. Studying the properties of an n-dimensional space will yield a better understanding of two and three dimensional spaces. The aim of this workshop is to envisage the young minds of those people who have chosen their career as mathematics teaching and research. This is an initiative taken to improve the teaching and learning methods and problem solving skills in Real Analysis.

**VELLALAR COLLEGE FOR WOMEN (AUTONOMOUS)
DEPARTMENT OF MATHEMATICS**

**Science Academies' Lecture Workshop on "Real Analysis"
22-23 June, 2017**

Brief Report of the Workshop

The Department of Mathematics had organized Science Academies' Lecture Workshop on "Real Analysis" during 22 - 23 June, 2017. Analysis is the brain of Mathematics. Thus every mathematician needs Analysis as a tool of his/her further study or research. In this concern, the three Science Academies of India, namely Indian Academy of Sciences, Bangalore, Indian National Science Academy, New Delhi and National Academy of Sciences, India Allahabad supported financial assistance to organize a Lecture Workshop on "Real Analysis", with Prof.P.Kandaswamy, (Formerly of Bharathiar University) Energy Conservation Research Centre, Doshisha University, Kyoto as convener.

The Workshop comprised of four sessions, each two lectures, each handled by Fellows of Academies and eminent mathematicians. Session I was on 22.06.2017 by the convener of the Workshop Prof.P.Kandaswamy, on "Algebra and Analysis". The algebraic and analytic way of looking at the Mathematical world is exalted, and prominent. He started with the fundamental concepts like limits and continued to compare Algebra and Analysis in an effective way. He quoted bacteria multiplication in nature as an example in his lecture.

Session II was handled by the most spiritual Mathematician Prof.V.Kannan, University of Hyderabad. He spoke on "Continuous and discontinuous set of points" to various functions in his first lecture. In the second lecture, he focused on "Equicontinuous". Continuity lays the foundational groundwork for the pure and applied mathematics.

On 23.06.2017, Prof.Ramajayam Sahadevan, Director, RIASM, University of Madras, handled Session III, on "Multivariable calculus and its applications". Prof.Ramajayam Sahadevan insisted that one who understands the single variable calculus can do wonders in multivariable calculus. He focused on the functions of both single and several variables with simple real life applications of functions. At the end, Prof.Ramajayam Sahadevan conducted a quiz on Algebra and Analysis. The participants were very active and interactive.

Session IV was handled by Dr.S.Lalithambigai, Madurai Kamaraj University, entitled "Interpolation and Approximation". She began with classifications of Approximations namely Interpolation and Extrapolation. She focused on interpolation and Weierstrass Approximation theorem. The lecture created an awareness about Interpolation and Approximation among all the participants.

A total of 166 participants from 32 colleges which includes PG students, research scholars and faculty members of mathematics are the beneficiaries of the workshop. The workshop ended with the valuable feedback from participants. At the outset, the participants expressed, in their feedback, that the lectures paved way to improve the teaching and learning

skills in Real Analysis, and few if the teachers from other institution got motivated to organize Science Academies' Lecture Workshop in their institutions.

In the valedictory session, Prof.P.Kandaswamy covener presented a consolidated report of the workshop and co-ordinator Dr.R.Parvathi proposed vote of thanks.

Day 3 : 29th June, 2017 (Thursday)

9.30 am	Technical session I "Data Bases, Data Handling, Processing & Visualizations" Dr. G. Arun Kumar SASTRA University Thanjavur.	1.15 pm	Technical session III "Search Engines and Analytical Tools in Public domain" Dr. G. Arun Kumar SASTRA University Thanjavur.
11.00 am	Tea Break	2.45 pm	Tea Break
11.15 am	Technical session II "Hands-on Training using Excel – II" Dr. E.S. Samundeeswari Associate Professor Vellalar College for Women Erode.	3.00 pm	Technical session IV "Computational Immunology" Dr. P. Kandasamy FNAsc Former Professor Bharathiar University Coimbatore.
12.45 pm	Lunch Break	4.30 pm	Valedictory Function

Who can participate?

PG/M.Phil./Research Scholars and Faculty members of Computer Science, Bio Technology and Life Science can participate. There is no Registration fee to attend the workshop. Limited participants will be permitted and registration is done on the basis of "First Come First Served". Registration kit and Lunch will be provided to the participants. Those who wish to participate should send the duly filled registration form to the CO-ORDINATOR on or before 19th June 2017 either by post or e-mail (lecture_series2@vcw.ac.in)

About Science Academies

Indian Academy of Sciences (IAS), Bangalore founded in 1957 by the late C.V. Raman, aims at promoting the progress and upholding the cause of science in the pure and applied branches. Its major activities include publication of scientific journals and special volumes, organizing meetings of the Fellowship and discussions on important topics, recognizing scientific talent, improvement of science education, and taking up other issues of concern to the scientific community. As part of the science education programmes, the Indian Academy of Sciences, Bangalore in association with the Indian National Science Academy (INSA), New Delhi and Indian National Academy of Sciences (INAS), Allahabad organize programmes for the improvement of science education in the Universities and Colleges throughout the country.

About the Institution

Vellalar College for Women, a pioneer institution offering quality education for the cause of women empowerment was established in 1970. It is an Aided Institution of the Government of Tamil Nadu, affiliated to Bharathiar University. The status of Autonomy was conferred in the Academic year 2007. The college offers 26 UG programmes, 13 PG programmes, 13 M.Phil., and 9 Ph.D., Research Programmes, 8 UGC Career Oriented Add-on courses and 3 Bharathiar University approved Certificate Courses in Aided and Unaided streams. NAAC has accorded 'A' grade with CGPA 3.43 in 2015 (re-accreditation III cycle) to the institution which vouches for its academic dimensions and magnitude.

All the seven science departments of Aided stream are supported under DST-FIST programme. Five science departments viz., Botany, Chemistry, Nutrition and Dietetics, Computer Science and Mathematics are participating in the STAR College Scheme funded by Department of Biotechnology (DBT). The UGC has bestowed the institution with 'College with Potential for Excellence' for its overall excellence in the domain of education in 2011 and extended the coveted status for another term of five years in 2016.

About the Department

The Department of Computer Science established in 1987 has 4 UG and 2 PG, M.Phil and Ph.D. programme under its umbrella. The department caters to the higher education needs of 1240 students with 43 competent faculty members. It has 10 well equipped laboratories with 630 computers.

About the Workshop

This workshop will provide theoretical and practical knowledge of basic statistics and motivate interdisciplinary research in Statistics, Computer Science and Life Sciences. The workshop will introduce the participants about modern software and analytical tools for data handling, analysis and interpretation.

Programme

Day 1 : 27th June, 2017 (Tuesday)

9.00 am - 9.30 am	Registration & Inauguration	12.45 pm	Lunch Break
9.30 am	Technical session I "Era of Genomics" Dr. Rm. Pitchappan RMRC-ICMR, Port Blair, AN.	1.15 pm	Technical session III "www & Impact making science" Dr. Rm. Pitchappan RMRC-ICMR, Port Blair, AN.

Day 2 : 28th June, 2017 (Wednesday)

9.30 am	Technical session I "Computational Models In Marine Ecology - I" Dr. Girija Jayaraman FNASc Former Professor Indian Institute of Technology, New Delhi.	1.15 pm	Technical session III "Importance of Statistics in Current Scenario" Dr. R. Nadarajan, Professor PSG College of Technology Coimbatore.
11.00 am	Tea Break	2.45 pm	Tea Break
11.15 am	Technical session II "Computational Models in Marine Ecology - II" Dr. Girija Jayaraman FNASc Former Professor Indian Institute of Technology, New Delhi.	3.00 pm	Technical session IV "Bayes' Theorem - Explained" Dr. R. Nadarajan Professor PSG College of Technology Coimbatore.
12.45 pm	Lunch Break		

REPORT of THE SCIENCE ACADEMIES' LECTURE WORKSHOP
on
BIO STATISTICS AND COMPUTATION BIOLOGY

The Department of Computer Science organized a three days Lecture Workshop on "Bio Statistics and Computation Biology" for Under Graduate Students and Teachers during 27-29 June 2017 at Vellalar College for Women, Erode - 12.

Aim of the Workshop

To provide theoretical and practical knowledge of basic statistics and to motivate interdisciplinary research in Statistics, Computer Science and Life Sciences. Modern software and analytical tools for data handling, analysis and interpretation will be introduced.

Participants

The lecture workshop was specifically meant for the local/regional students as well as college teachers, with a view to make the participants gain knowledge in Computational Biology. Out of 138 persons registered for the lecture workshop, 74 participants were from institutions other than Vellalar College for Women Erode-12. Students and staff members are from the following colleges

S.No	Name of the College	Number of Participants
1	Avinashilingam Institute for Home Science and Higher Education for Women	1
2	Gobi Arts and Science College	6
3	Govt Arts College , Salem	1
4	Kongu Arts and Science College	22
5	KSR College for Arts and Science	4
6	Navarasam Arts and Science College for Women	5
7	NGM College	9
8	PKR Arts College for Women	5
9	PSG College for Arts and Science	8
10	Shri Sakthikailash Women's College	1
11	Vellalar College for Women, Erode - 638012	64
12	Vivekanandha College of Arts and Science for Women	12
	Total	138

RESEARCH COMMITTEE REPORT – 21.07.2017

REPORT

UGC has made Plagiarism checking as mandatory using 'URKUND' software tool for the M.Phil., and Ph.D., Scholars and faculty members to submit their thesis as Plagiarism is one of the serious issues in academic and scholarly publications. In connection with this, the research committee has organized a special meeting for research supervisors and research scholars on 21.07.2017. Dr. P. Kumudha, Associate Professor and Coordinator of Research Committee welcomed the gathering. Dr. R. Parvathi, Associate Professor and Head of the Department of Mathematics spoke on the topic "URKUND: An overview". She gave details about antiplagiarism software's 'URKUND', a completely automated system to check plagiarism which is used in Universities and Colleges all around the world. With examples, she explained how the URKUND software check all the textual similarity against the sources like internet, published literatures and previously submitted student thesis. She also motivated the students towards original thinking in the research area and kindled the research aptitude among the scholars by illustrating the research work undertaken by the eminent scientists. At the end, Dr. V. Sreeja, Assistant Professor of Chemistry acknowledged the gathering.

About the Institution

Vellalar College for Women, a pioneer institution in the cause of women's education has a long and impeccable tradition of unparalleled devotion, commitment and integrity. Since its inception in 1970, the institution has taken great strides in fulfilling its mission of educating and thereby empowering women especially first generation women scholars hailing from rural areas. After achieving the Status of Autonomy in 2007, there has been a spurt of innovations and revisions in the curriculum, research pursuits, teaching-learning methodology in accord with the changing context of globalization. Being an Aided Institution of the Government of Tamilnadu and affiliated to Bharathiar University, it offers 27 UG Programmes, 15 PG Programmes, 12 M.Phil. and 8 Ph.D. Research Programmes, 8 UGC Career Oriented Add-on Courses and 3 Bharathiar University approved Certificate Courses in Aided and Unaided stream with a students' strength exceeding 5600. NAAC has accorded 'A' grade with CGPA 3.43 in 2015 (reaccreditation III cycle) to the institution which vouches for its academic dimensions and magnitude. All the seven Science Departments of Aided stream are supported under DST-FIST programme. Five Science Departments viz., Botany, Chemistry, Nutrition and Dietetics, Computer Science and Mathematics are participating in the STAR College Scheme funded by Department of Biotechnology (DBT). The UGC has bestowed the institution with 'College with Potential for Excellence' for its overall excellence in the domain of education in 2011 and extended the coveted status for another term of five years in 2016.

About the Department

The Department of Computer Science established in 1987 has 4 UG (Computer Science, Computer Applications, Information Technology and Computer Technology) and 3 PG (M.Sc., Computer Science, MCA and PGDCA), M.Phil. and Ph.D. Programme under its umbrella. The Department caters to the higher education needs of 1240 students with 43 competent Teaching and 9 Nonteaching faculty members. It has 10 well equipped laboratories with 630 computers.

Symposium Theme

The objective of the symposium is to propose and foster discussion on new computing paradigms and corresponding applications to solve real-world problems so that Graduates will understand a range of modern computing technologies, be able to apply these technologies in practice and demonstrate the value of state-of-the-art development in one specific technology. Also Medical image computing has become a key technology in high-tech applications in medicine and an ubiquitous part of modern imaging systems and the related processes of clinical diagnosis and intervention. Over the past years significant progress has been made in the field, both on methodological and on application level. Despite this progress there are still big challenges to meet in order to establish image processing routinely in health care. In this issue eminent resource persons in the field of Computing and Medical Image Processing are invited to present latest advances in Medical Image Computing.

Programme Schedule

27.07.2017

- 09.00 am to 10.00 am : Registration
10.00 am to 10.30 am : Inauguration
10.30 am to 10.45 am : Coffee Break

10.45 am to 12.00 noon: Technical Session I

Resource Person : **Dr. ASAI ASAITHAMBI**
Professor
School of Computing
University of North Florida
USA

Topic : ***From Features to Non-Reducible Descriptors in Supervised Pattern Recognition Problems***

12.00 noon to 1.15 pm: Technical Session II

Resource Person : **Dr. P. SHANMUGAVADIVU**
Professor
Dept. of Computer Science and Applications
Gandhigram Rural Institute - Deemed University
Dindigul - 624 302
Tamil Nadu
India

Topic : ***Bigdata Analytics in Medical Image Processing***

1.15 pm to 2.15 pm : Lunch Break

2.15 pm to 3.30 pm: Technical Session III

Resource Person : **Dr. G. RAJU**
Professor and Head
School of Information Science and Technology
Kannur University
Kerala
India

Topic : ***Fusion Approaches to Medical Image Processing***

3.30 pm to 4.00 pm : Valediction

SETTLEMENT OF AUTONOMY GRANTS

Details of Symposium Conducted

1. Name of the College : Vellalar College for Women(Autonomous)
2. Organized by : Computer Science
3. Title of the Programme : International Symposium on Innovative Computing Intelligence for Medical Images (ISICIM'17)
4. Date of the Programme : 27th July, 2017
5. Details of the Resource :
 - 1) Dr. Asai Asaithambi
Professor
School of Computing
University of North Florida, USA.
 - 2) Dr. P. Shanmugavadivu
Professor
Department of Computer Science and Applications
Gandhigram Rural Institute - Deemed University
Dindigul - 642 302
 - 3) Dr. G. Raju
Professor and Head
School of Information Science and Technology
Kannur University, Kerala

6. Brief Report of the Programme:

Department of Computer Science, Vellalar College for Women organized an International Symposium on Innovative Computing Intelligence for Medical Images (ISICIM'17) on 27th July, 2017. As medical image computing has become a key technology in high-tech applications in medicine, 700 students enthusiastically take part in this symposium.

Inaugural Session started with the blessings of Almighty Dr. Asai Asaithambi, Professor, School of Computing, University of North Florida, USA and Dr. P. Shanmugavadivu, Professor, Department of Computer Science and Applications,

REPORT

Details of the Workshop

1.	Name of the College	Vellalar College for Women
2.	Organized Department	Nutrition and Dietetics
3.	Title of the Programme	ONE DAY WORKSHOP ON “NUTRIOPTIMIZER” (DIET OPTIMIZATION BY USING LINEAR PROGRAMMING)
4.	Date of the Programme	17.08.2017
5.	Details of Resource Persons	1. Mr.T.Sakthivel, B.E. , Marketing Director, Sri Mookambika Infosystems, Sivakasi. 2. Mrs.S.Sivasankari,B.E. , Sri Mookambika Infosystems, Sivakasi. 3. Mrs.A.UshaDevi,M.Sc. , Sri Mookambika Infosystems, Sivakasi.

Brief Report of the Programme

The UGC funded one day workshop on “Nutrioptimizer (Diet Optimization By Using Linear Programming)” was organized on 17.08.2017.

Mr.T.Sakthivel, B.E., Marketing Director, Sri Mookambika Infosystems, Sivakasi, was the resource person. He gave an introduction on Nutrioptimizer, a software tool which aids in diet optimization based on Linear Programming and highlighted the key features and applications of Nutrioptimizer. He explained about the relevance of this software in the wide field of Nutrition and Dietetics which can be implemented by the students, researchers, dietitians and nutritionists. Mrs.S.Sivasankari,B.E., and Mrs.A.UshaDevi,M.Sc., from Sri Mookambika Infosystems, Sivakasi, also assisted during this workshop.

A Hands on Training was given by them to the students to use this Nutrioptimizer software in diet planning. It was observed that the meal planning through this software would be accurate, time saving and eases the calculation. Around 141 students benefited through this workshop in an enthusiastic manner.

RESEARCH COMMITTEE REPORT – 17.08.2017

REPORT

The Research Committee has organized a special meeting for the M.Phil., and Ph.D., Scholars and faculty members on 17.08.2017. Mr. T. Stephen M.L.I.Sc, Assistant Professor and Head of the Department of Library and Information Science acted as a resource person and delivered a lecture on “**Plagiarism**”. In his efficacious lecture, he explained the deliberate and accidental forms of plagiarism and how to avoid them. He also explained about how to give citations for Internet sources and elaborated the ways of representing the citations to avoid plagiarism in thesis and research paper writing. Mr. Stephen emphasized the scholars to use their own words and ideas for research paper writing. His lecture enlightened the budding researchers regarding plagiarism. Dr. P. Kumudha, Associate Professor of Botany welcomed the gathering and Dr. D. Indumathi, Assistant Professor of Zoology proposed the vote of thanks.

**Funded by
THE HUGH SINCLAIR UNIT OF HUMAN
NUTRITION,
UNIVERSITY OF READING, UK**

DATE: 18TH AUGUST 2017

**VENUE: SEMINAR HALL, VELLALAR COLLEGE
FOR WOMEN, ERODE, INDIA**

WHY YOU SHOULD ATTEND THIS WORKSHOP?

“We are not the same,” is true of most aspect of human life, be it looks, nutrition or fitness. This is precisely why weight loss programs always seem to work for some people but don’t work for most others. So is true of fitness programs and so on. Nutrigenetics is a field of study that examines exactly how different we are from each other and what works for the individual in terms of diet, nutrition and fitness. In this workshop, we demonstrate how the interaction between genetics and nutrition affects human health. Studying nutrigenetics helps us to understand the reasons and mechanisms of why individuals may respond differently to the same diet and brings us closer to the goal of achieving personalized nutrition. By harnessing technological advances in genomics, nutrigenetics also allows us to gain a deeper understanding of the molecular mechanisms by which food can affect our health and well-being. Nutrigenetics is transforming nutrition and dietetics practice and it is important that health professionals gain a good understanding and appreciation of what it is.

The objectives of this workshop is to allow participants to gain an understanding of:

- Concepts in genetics and nutrition (basic concepts, technical terms and technology involved);
- How nutrigenetics can be applied to optimize health, fitness, prevent and treat diseases;
- How to read, understand and interpret nutrigenetics research; and
- How nutritional genomics can be used to transform nutrition and dietetics practice – case studies

Workshop Plenary

9:00 am- 9:15am Welcome Note and Introduction of the Resource Person

Dr. P. Indumathy, Associate Professor & Head of Foods & Nutrition, Vellalar college For Women, Erode.

Session – 1

Dr. Vimal Karani, Assistant Professor in Nutrigenetics University of Reading, UK

9:15am -9:45am Overview of Nutrigenetics

9:45 am -10:45am Translation of Nutrigenetics Research into Practice: Nutrigenetics in Health and Disease

10:45 am-11:00am Morning Tea Break

Session – 2

Mrs. Janani Tamilvanan, Founder & CEO, Geneobe Wellness

11:00am- 11:30am Nutrigenetics in Optimizing Wellbeing & Performance (Fitness genomics)

11:30am-12:00pm Nutrigenetics in Weight Control and Management

12:00 pm -12:30 pm Introduction to Nutrigenetic Testing

12:30 pm– 1:00 pm Q & A session

1:00pm - 2:00 pm Lunch break

Session - 3

2:00pm – 3:00pm Learning module: How to read, understand & interpret nutrigenetics research/ assessment

3:00pm– 3:45pm Nutrigenetic counselling: Overview & “Hands on learning” session

3:45 – 4:00pm Tea break

Closing Plenary

4:00pm- 4:30 pm Future of nutritional genomics- opportunities & implications on nutrition & dietetic practice

4:30pm – 4:45pm Feedback & Closing remarks

ABOUT GNEOBE:

Geneobe Wellness is a Coimbatore based company, pioneer in offering personalised wellness solutions to promote health and wellness. We undertake scientific research and facilitate information dissemination and training relevant to nutrigenomics to experts in the nutrition domain. Geneobe is championing a genetics-based personalized approach to solving the epidemic of metabolic syndrome in India and abroad, which consumes millions of lives and trillions of dollars, globally. Our vision is to transform India via awareness of self, personalized health, nutrition into the healthiest country in the world.

Report on International workshop on Nutrigenetics: The Coming Age of Personalized Nutrition

A one day International workshop on Nutrigenetics: The Coming Age of Personalized Nutrition was conducted on 18.08.2017 in association with Geneobe Wellness, Coimbatore. The workshop was funded by “The Hugh Sinclair unit of Human Nutrition”, University of Reading, UK. Nutrigenetics is transforming nutrition and dietetics practice and it is important that health professionals gain a good understanding and appreciation of what it is. The objectives of this workshop was to gain understanding and develop skills on the concepts in genetics and nutrition (basic concepts, technical terms and technology involved); application of nutrigenetics to optimize health and treat diseases. Through this workshop twenty eight students of I & II M.Sc. Foods and Nutrition students and four faculty members were benefited.

Entrepreneurship Development Programme On
Preparation of Household Materials

A Entrepreneurship Development Programme On Preparation Of Household Materials under DBT STAR College scheme was arranged for the UG students of Chemistry on 05.10.2017. Dr.M. Hema, Assistant Professor, Department of Chemistry, PSG College of Arts and Science Coimbatore was the Resource Person for the “Preparation of liquid soap and homemade soap and preparation of phenoyl and pain balm”.

She demonstrated how to prepare the liquid soap and homemade soap with simple house hold materials and also explained the procedure of preparation of phenoyl and pain balm. 55 Students of the Department of Chemistry and 6 Faculty members attended the programme.

No.of Participants :		
1. Teaching Faculty Members : 09		
2. Research Scholars : 31		
3. Students : 201		
Schedule	Session I: (10.00 a.m. to 12.45 p.m.)	Session II: (1.30 p.m. to 3.45 p.m)
05.12.2017	Dr.A. Tamilselvan	Dr.K.Sakthivel
06.12.2017	Prof.R.Sahadevan (10.00 a.m. to 3.45 p.m.)	

Department of Mathematics had organized DBT funded workshop on “Differential Equations and their Applications” during 05 - 06 December 2017. On 05.12.2017, the session was started by Dr.A.Tamilselvan, Associate Professor & Head, Department of Mathematics, Bharathidasan University, Tiruchirappalli with the fundamental ideas of ordinary derivatives and continued with solving ordinary differential equations of both first and second order in a efficient

and easily understandable way. The Session II was handled by Dr.K.Sakthivel, Assistant Professor, Department of Mathematics, Indian Institute of Space Science & Technology. He started the session by introducing the control function and continued with the applications of differential equations with control function. He provided some examples like water tank problem to make his presentation in effective manner. He also provided the applications of differential equations using control function in satellite launching. On 06.12.2017 the session was handled by Prof.R.Sahadevan, Ramanujan Institute of Advanced Studies in Mathematics. The session started with fundamentals of Partial derivatives and the session continued with the modeling real life problems using partial derivatives and also the applications of partial differential equations. The program me ended with feedback from the participants.

A Report

The Department of Physics organized and conducted UGC sponsored Two-day Workshop on 'Mobile Phone Servicing' on 14.12.2017 & 15.12.2017. Five eminent technical persons, from New Technology Mobile Service and Training Institute provided hands on training to the III B.Sc., Physics students. Mr.B.Krishnakumar, Managing Director, New Technology Mobile Service and Training Institute, Coimbatore highlighted the importance of learning mobile phone servicing with modern tools & equipment and latest technology. The students were enriched their knowledge on mobile hardware and software configuration through the detailed power point presentations followed by the laboratory sections handled by the other four resource persons. Earlier Dr.L.Usha, Associate Professor & Head, Department of Physics welcomed the gatherings. Nearly 42 II B.Sc., Physics students were attended the programme and benefitted.

Report

Date : 29.12.2017 Time : 10.00 am to 4.00 pm	Venue : Lab IX(Babbage Computing Center)
Topic : Data Analytics on Bioinformatics using BioPython	Organised by : Department of Computer Science
Resource Persons:	
1. Dr. P. Shanmugavadivu, Professor, Department of Computer Science and Applications, Gandhigram Ruaral Institute, Gandhigram, Dindigul. 2. Dr. P. S. Eliahim Jeevaraj Assistant Professor, Department of Computer Science, Bishop Heber College, Trichirappalli	
No. of Participants : 59	
1. II B.Sc. Computer Science Students : 47	3. Faculty members : 5
2. III B.Sc. Computer Science Students : 7	

DBT Funded workshop on "Data Analytics on Bioinformatics using BioPython" was conducted on 29.12.2017 with Dr. P. Shanmugavadivu, Professor, Department of Computer Science and Applications, Gandhigram Ruaral Institute, Gandhigram, Dindigul and Dr. P. S. Eliahim Jeevaraj, Assistant Professor, Department of Computer Science, Bishop Heber College, Trichirappalli as resource persons. **In the First Session** of workshop Dr. P. Shanmugavadivu detailed on Introduction to Bioinformatics, Algorithms to Analyze Genomic Data, DNA and Protein Databases, Database Homology Searching, Calculating Alignment Scores, Database Search Methods: Sequence Alignment, Which algorithm to use for Database Similarity Search? In the second session she gave an introduction to Python and the following problems were demonstrated using Bio Python.

- Similarity search
- Sequence comparison: Alignment, multiple alignment, retrieval
- Sequences analysis: Signal peptide, transmembrane domain
- Protein folding: secondary structure from sequence
- Sequence evolution: phylogenetic trees

During the Third Session Dr. Eliahim Jeevaraj discussed about the concept of Clustering Analysis and hands on training was given to work on the Bio.Cluster modules namely Kmeans, SOM, Hierarchical clustering and PCA. Fifty Nine Members members were benefitted through this programme.

Report

Date : 04.01.2018 & 05.01.2018	Venue : II B.Sc.(CS) Smart Classroom, Lab VII & Lab IX
Time : 10.00 am to 4.00 pm	
Topic : Biological Sequence Analysis and Molecular Simulations	Organised by : Dept. of Computer Science
Resource Persons:	No. of Participants : 57
Dr. B.A. Gowri Shankar, Associate Professor Department of BioTechnology Bannari Amman Institute of Technology Sathyamangalam	II B.Sc. Computer Science Students : 47 III B. Sc. Computer Science Students : 3 Faculty members : 7 Research Scholar : 1

DBT Funded Workshop on "Biological Sequence Analysis and Molecular Simulations" was conducted for 2 days from 4.1.18 to 5.1.18 with Dr. B.A. Gowri Shankar, Associate Professor, Bannari Amman Institute of Technology as resource person with the assistance of three students for the lab sessions. In the first day, the participants gained some knowledge about the extraction of sequence of protein and nucleotides from NCBI database. Also they taught about the structure extraction from various databases namely BLAST (to find the regions of local similarity between sequences), Clustalw (a general purpose multiple sequence alignment for proteins), PDB (contains information about structures of proteins, nucleic acids and complex assemblies), Pubchem (a database of chemical molecules and their activities against biological assays) and Chemspider (a free chemical structure database providing fast access to millions of structures, properties, and associated information). In the second day, they had hands on experience on docking which predicts the preferred orientation of one molecule to a second when bound to each other to form a stable complex, how to analyze the results of docking using PYMol viewer. They also got experience in using Chemdraw which is used to draw our own structure of a protein. At last to convert the file format type especially for ligand, they were introduced Open Babel.

PG & RESEARCH DEPARTMENT OF COMMERCE

Two Day Workshop on skill enhancement

The PG & Research Department of Commerce organized a Two day Workshop on skill development on the topic “Aspiration to Achievement (A2A)” on 2.2.2018 and 3.2.2018. Dr.V.Renugadevi, Assistant Professor, PG & Research Department of Commerce welcomed the gathering in the inaugural session.

In the Technical Session on 2.2.2018 F.N Mrs.Usha Ramakrishnan, Director, Global Adjustments Foundation, Chennai being the resource person spoke on SWOT Analysis for life, Emotional Intelligence, Social Awareness, Self Management and Relationship Management which enlightened the participants on every aspects of life. Moreover to become all rounder in life she insisted to think calmly, face boldly, decide smartly, act confidently and live happily.

In Technical Session on 2.2.2018 A.N & 3.2.2018 the resource person Mrs.Janani Nagarajan, Trainer & Social Media Specialist, Global Adjustments Foundation, Chennai, spoke on dream and ambition in life, preferences in life and life partnership which enriched the students with the knowledge in facing the life practically. She inculcated in the students, through excises and demos, to live happily with integrity and with compassion and unity. This workshop helped the students to become cheerful, calm and confident communicator and contributor to the society. At the end of the session on 3.2.2018 Dr.S.Maheswari, Assistant Professor, PG & Research Department of Commerce proposed vote of thanks. Totally 130 students were benefited out of the workshop.

DBT funded Workshop on Computational and Informatics tools for drug design

Report

Date : 03.02.2018 Time : 10.00 am to 4.00 pm	Venue : III B.Sc Smart Classroom, Lab VIII
Topic : Computational and Informatics tools for drug design	Organised by : Dept. of Computer Science
Resource Person: Dr. G. Arun Kumar Assistant Professor Research Human Genomics Laboratory SASTRA University Thanjavur	No. of Participants : 45 III B. Sc. Computer Science Students : 33 II B.Sc. Computer Science Students : 12

DBT Funded Workshop on "Computational and Informatics tools for drug design" was conducted on 03.02.2018 with Dr. G. Arun Kumar, Associate Professor, Research Human Genomics Laboratory, SASTRA University as the resource person. His lecture includes the area of Sequence alignment, Methods used for alignment of sequence, Algorithms and Types of sequencing. He discussed about the Next Generation Sequence data analysis (NGS). In NGS a clear explanation on Data analysis workflow, Data Management and FastQ Format were given. In the practical session, the students came to know about docking and the way to download a file from the database. They worked on other softwares like PyRx, PyMol.

RESEARCH COMMITTEE MEETING – 03.02.2018

REPORT

Research Committee has organized a meeting for the Post graduate students, M.Phil and Ph.D research scholars to update their technological knowledge in research on 03.02.2018. Dr.A.Parvathi, Associate Professor & Head, Department of Mathematics addressed the scholars on “Statistical Tools in Research”. She elaborated the fundamental concepts in the interpretation of data and results obtained in research. She elucidated the various concepts in Central tendency, Standard Deviation, Standard Error, t-test and Anova and also explicated about the graphical data presentation like deciles, percentiles, boxplot and numerical data presentation, perfect correlations and imperfect correlation with examples. She imparted hands on training in some of the SPSS software in the afternoon session in the computer lab. Dr.P.Kumudha, Associate Professor of Botany welcomed the gathering. The programme facilitated the M.Phil and Ph.D scholars to have enhanced knowledge in the statistical tools in the interpretation of research data.

DEPARTMENT OF CHEMISTRY

Workshop on Multiskill Development

UGC - Autonomous Grant

A two days workshop [03.02.2018 and 05.02.2018] on Multiskill development for II & III- BSc Chemistry students was conducted in the Department smart class room. Mr.N.Loganathan from Mullai Academy acted as the resource person. He exemplified the skill of aptitude, simple and compound interest, simple tricks to multiply high values so as to make students face the competitive exams confidently. Reasoning, coding, decoding were also taught to make the learners to improve the mental ability. The ambience created a strong base for the students to actively solve aptitude, reasoning part. The lecture thereby paved a way in par with the multiskill development course organized in our department curriculum. About 57 students were benefited by this program.

DBT Funded Workshop on "Principles and Applications of Bioinformatics" was conducted for 2 days from 05.02.2018 to 06.02.2018 with Dr.A.Thangaraja, Assistant Professor, Dr.Ambedkar Governement Arts College, Chennai as the resource person. In the morning session of 05-06-18 he includes in his lecture, the introductions and basic aspects of Bioinformatics, genome, proteomics, Immunoinformatics and Nano informatics. In the afternoon session software tools were used for pair wise and multiple sequence alignment. Exercise were given to the students to convert one sequence to another sequence. And they had training on developing code using python on line. On 06-02-18, BLAST search and FASTA format were introduced and used. The concepts of phylogenetic tree were explained in detail. In the last session, project titles were allotted and after the group discussions on the project titles, methodology for developing the project were discussed with the students.

DBT Funded Hands on Training Programme on “Computational Biology” was conducted for 2 days from 07.02.2018 to 08.02.2018 with **Dr. Anand Anbarasu**, Professor, **Mr. Miryala Sravan Kumar**, M.Sc., ICMR - Research Assistant, **Ms. K. Malathi**, M.Sc., M.Phil., ICMR - Senior Research Fellow, School of Bio-Sciences & Technology, VIT University, Vellore as resource persons. Day 1 lecture includes Studies related to BioMolecules, Classifications of amino acids, Homology, Taxonomy, Threading, NCBI, Genbank, EMBL, DDBJ, UNIPROT and Protein related databases. On 08-02-18, they discussed about pairwise and multiple sequence alignments. In pairwise sequence alignment hands on training was given for Dotmatrix, Dynamic programming and Heuristic programming method. In multiple sequence alignment Iterative methods, Progressive global alignment, Statistical and Probabilistic methods were explained in detail. In Day 2 session, online tools were also used for generating phylogenetic trees.

CORP NIKITES ASSOCIATION REPORT - 2017-18

WORKSHOP

There are many ways in which one can bring about improvement in graphic design using computer softwares. One such tool is **Corel DRAW** which needs to be practiced very, very diligently as it is used pretty consistently world-wide in designing images. A Two days workshop on “Corel DRAW” was arranged on 15th & 16th February, 2018 at III B.Com (CS). The workshop was started with Tamil Thai Valthu. Dr.S.Devaki, Associate Professor and Head of the Department delivered Welcome Address. Mr. A.Rajesh, Assistant professor in Computer Science, Erode Sengunthar Engineering College, Thudupathi was the resource person. This programme was useful to the students and they learn graphic designing interestingly. Ms.B.Sowndharya of III B.com CS solicited the word of gratitude for the function. The function came to an end with National Anthem.

She gave hands on training about the PYTHON programme to the students.

Post Graduate & Research Department of History
UGC funded One day State level Workshop
on
“Jain Influence in Kongu Region: A Historical Perspective”
20.02.2018
Report

The Department has organized a UGC Funded One Day State Level Field Workshop on “Jain Influence in Kongu Region: A Historical Perspective” on 20.02.2018. The workshop was conducted at Jain Temple in Vijayamangalam, an archaeological site cum one of the Jain center of Kongu Region. The Resource Person of the Workshop was Dr.R.Jagadeesan, Epigraphist, Vanavarayar Foundation, Coimbatore. Vijayamangalam was an ancient Jain temple that belonged to the Digambara Sect. Once it served as a popular pilgrimage centre but now it is in a ruined state and thus abandoned. The Digambar Jain temple complex is about 20 km from Erode, While driving down from Coimbatore. The temple has now been taken by the Archaeological Survey of India. The temple is believed to have been built in the 6th Century. The principal deity of the temple is Lord Chandra Prabha. The temple was once a popular place of worship for the Jains. Presently the temple is now in a dilapidated state and has undergone the ravages of time. According to the history of this temple, it was visited and deeply revered by the devotees of the Digambar Sect. The presiding deity of the temple, Chandraprabha Swami is a 30-cm idol. However, the idol had been stolen from the temple. Instead of the idol of Chandraprabha, now an idol of Kushmandala Devi and that of Lord Mahavira can be seen here. The temple is presently visited by very few devotees. The Resource Person narrated the art and architectural glory of the temple. The history of the temple was explained by him in a vivid manner. He also mentioned about the spread of Jainism through the ages in Kongu Region and impact of Jain influence in the religious life of the people. The Resource Person highlighted the contribution of Jains to the development of Tamil literature through the Jain centers.

The information's contained in the inscriptions which are found in the temple was read out by the students with the guidance of the epigraphist. They gained knowledge on the uniqueness of the temple structures, sculptures, stone pillar carvings, decorated ceilings and the Mandapas. The students had an opportunity to learn the architecture of the temple, heritage values and its existence. There are 47 students including 3 M.Phil Research Scholars, 44 PG students and four Faculty Members were benefitted through this programme.

	Session V: (01.45 a.m. to 03.15 p.m.)	
	Prof. R. Balakrishnan	

Department of Mathematics had organized DBT funded workshop on "Discrete Mathematics and it's Applications" during 21 - 22 February 2018. On 21.02.2018, the first session was handled by **Dr. T. Govindan**, Assistant Professor, Department of Mathematics, Government College of Engineering, Bargur. His talk focused on the fundamental ideas of Graph Theory and it's applications in Engineering. The second session was enriched by the talk of **Dr.M.G.Karunambigai**, Assistant Professor, Department of Mathematics, Sri Vasavi College, Erode on the topic 'Decomposition of Graphs – An Introduction'. On 22.02.2018, the third session of the workshop was followed by the talk of **Dr.A.Muthusamy**, Professor, Department of Mathematics, Periyar University, Salem on 'Application of Frames'. **Dr. T. Kavaskar**, Assistant Professor, Department of Mathematics, Central University of Tamilnadu, Tiruvarur continued his talk on 'Types of Colorings in Graphs'. In the last session, **Prof. R. Balakrishnan**, Adjunct Professor, Department of Mathematics, Bharathidasan University, Tiruchirappalli, delivered his lecture on 'Applications of Graph Theory'. He proved the Euler's theorem in analysis with graph theoretic idea and that is a highly motivating concept. All the session helped the participants to learn many fundamental concepts in Graph Theory and it's Applications. 40 participants from various institutions in and around Erode. 57 UG students, 30 PG students and 13 research scholars of the department of mathematics benefited out of this workshop.

No. of Participants : 107		
1. Teaching Faculty Members : 10		
2. Research Scholars : 07		
3. B. Sc., Students : 90		
Schedule	Session I: (10.00 am to 01.00 pm)	Session II: (1.45 pm to 3.45 pm)
05.03.2018	Mr. T. Sakthivel	Mrs. T. Sivasankari

Departments of Mathematics and Nutrition & Dietetics had organized DBT funded Interdepartmental Workshop on “Diet Optimization using Linear Programming” on 05.03.2018. Session I was started by Mr. T. Sakthivel who spoke on Linear Programming. He also introduced Nutrition and Diet planning. Then he explained “Nutrioptimizer - a diet optimizing tool” using Linear Programming. Session II was handled by Mrs. T. Sivasankari. She delivered a talk on the Diet planning using Linear Programming. She also explained how to use Nutrioptimizer software

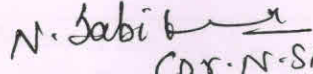

to calculate Calorie, Protein and Fat of a patient so that proper recommendations can be given to the patient.

RESEARCH COMMITTEE REPORT – 05.03.2018

REPORT

A special programme was arranged for the research scholars and the computer science students on the forenoon of 05.03.2018 to acquire knowledge on the emerging technology ‘Cloud Computing’. The resource person, Dr. V. Raja, Scientist ‘B’ , INFLIBNET Centre, an Inter University Centre, Gandhi Nagar, Gujarat addressed the gathering on the topic “Cloud Computing and Network based Information system at INFLIBNET Centre : An overview”. He disseminated ample information about the benefits of Cloud Computing, demerits of traditional data centres, a list of Cloud providers azure in education, cloud courses and training programmes. He reiterated that the in-depth knowledge in this latest technology is inevitable for the future career of students. Research scholars and students from Computer Science, Computer Technology, Information Technology and Computer Applications of about 200 were benefited by this programme.

14.03.2018	Dr. Rex Arun Raj	Dr. P.S. Sehk Uduman

Department of Mathematics had organized DBT funded Seminar on Bio – Mathematical Modelling on 14.03.2018. The seminar was started by Dr. Rex Arun Raj with the topic “Genetic Engineering and Genetically Modified Organisms”. He started with the preliminary ideas of

genetic properties and genetic disorders happened in human. He also focused on dominance property occurred in genes and about the generation disease transferred from parents due to the dominance of genes. The resource person clarified the queries from the audience. In Session II, Dr. P.S. Sevik Abdur Rahman was the resource person. He introduced fractal calculus and the uses of fractal calculus in genetic engineering and medicine. At the end of his lecture, the participants were able to calculate the stress period of pregnant women. At the outset, the seminar is very helpful to apply Mathematics in Bio Modelling.

Preparing for Lab Sessions

➤ Promoting Safety

- Maintain, clean, or sterilize laboratory instruments or equipment.
- Provide and maintain a safe work environment
 - **Assisting in Experiments and** proper operation of laboratory equipment.

setting up **lab** equipment and preparing **chemical** solutions. in a very precise and accurate manner.

- Preparation chemical solutions
- Provide technical support and assistance
- maintain quality standards of raw materials, chemical intermediates, or products.

VELLALAR COLLEGE FOR WOMEN (AUTONOMOUS), ERODE

DEPARTMENT OF CHEMISTRY

DBT-STAR COLLEGE SCHEME FUNDED

TRAINING TO SCIENCE LAB ASSISTANTS

VENUE: CHEMISTRY LAB

DATE & TIME: 19.03.2018 2.00 p.m

Department of Chemistry organized a training programme to Science lab assistants on 19.03.2018 under DBT-STAR College Scheme. **Dr.V.Sreeja, Assistant Professor of Chemistry** explained the science lab safety rules, chemical safety, safety essentials needed, importance of goggles, lab coats, mask, minimum requirements to set a preparatory room, important points to be remembered while handling the chemicals and instruments. The preparation of various types of solutions was detailed. Different concentration terms like Molarity, Molality, Normality, Mass Percentage solutions, Volume Percentage solutions and important definitions like Standard solutions, solute, solvent, deionized water and demineralized water were made clear. The solubility of some important inorganic compounds was also discussed. **Dr.P.Abirami, Assistant Professor of Botany** highlighted the precautions, handling and working of Hot air oven, Autoclave, Incubator, Laminar Air flow chamber and Microscope. The process of liquid preserved collections, Plant collection and documentation were detailed. The storage of chemicals, different types of glass apparatus used in the laboratories, different labels used in the lab and their significance were elaborated. The regular, daily and annual operations to be followed by the science lab assistants were emphasized. Fifteen lab assistants from the Departments of Chemistry, Botany, Physics, Nutrition & Dietetics and Bio-Chemistry were benefitted through this programme. Lab Coats, Face masks, Safety glasses and Hand Glouses were distributed to the science lab assistants. This refreshing of training may facilitate the lab assistants to ensure the appropriate functioning of science lab in terms of safety and performance.
