Erode

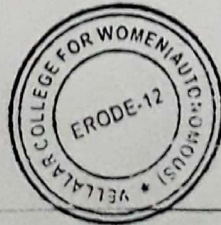

6. Brief Report of the programme:

On 18.06.2019 (Tuesday), Department of Tamil organized Language Skill Development programme. An Eminent speaker Kavingar Brindha Sarathi, Chennai gave speech on the topic 'Human values in New poetry' and Dr. R. Srinivasan (Retd), Department of Tamil, Chikkaiah Naicker College , Erode, spoke on the topic 'Learning and Writing in Tamil Language'. The afternoon session, was engaged by Dr. P. Balasubramanian, Head, PG & Research Department of Tamil, Sacred Heart College, Tirupattur, who gave introduction to write short stories in order to provoke the creativity in young minds. Finally feedbacks were given by the students. Inspired students exposed themselves on the stage with their skills through speech, poetry and dance.

Department of Tamil aimed to provoke the knowledge of Tamil Literature and inculcate the students to write creatively. The desired goal has been achieved through the workshop conducted. Many student leapt up with many Haikus and short stories

A Report

The Department of Physics organized and conducted DBT sponsored Four days workshop on 'TROUBLE SHOOTING IN SMARTPHONES' from 1.7.2019 to 4.7.2019. Four eminent technical persons, from New Technology Mobile Service and Training Institute provided hands on training to the III B.Sc., Physics students and research scholars. Mr.B.Krishnakumar, Managing Director, New Technology Mobile Service and Training Institute, Coimbatore, highlighted the importance of learning mobile phone servicing with modern tools & equipments. The students enriched their knowledge on mobile hardware and software configurations through the detailed power point presentations followed by the laboratory sections handled by all the four technical persons. Earlier, Mrs. F. Shahida Shireen, Associate Professor & Head, Department of Physics welcomed the gatherings. Nearly 90 Physics students attended the programme and got benefitted, and they can be employable or they can become entrepreneurs with experience.

Activities of the Research Conclave Centre

(2019-2020)

Coordinator: Dr. S. Sharmila, Assistant Professor, Department of Botany

Programme 1: UGC – Funded One Day State Level Symposium on Research Proposals & Citation Analysis - 29.07.2019

Session – 1: “Proposals for Research Grant & Funding Agencies”

Dr. R. Rajendran, Associate Professor, Department of Microbiology, PSG College of Arts and Science, Coimbatore acted as a resource person and delivered a brainstorming lecture entitled “**Proposals for Research Grant & Funding Agencies**” to all the Head of the Departments, IQAC Core Committee members, Research Committee members and Research Scholars. The nearby three colleges were participated in this symposium. During his presentation he explained about how to frame a research proposal and proposal structure. He also discussed about some research funding websites and also about research support unit. The reason for rejection of research proposal is also explained. The resource person also mentioned some strategies like publications, partnering, networking, how to frame a proposals, how to develop a national reputation and how to recognize an opportunity. About 50 participants were benefitted through this symposium. The Profound information shared by the resource person gave a new dimension towards research for the scholars.

Session – 2: “Research Publications – Citation Analysis”

Dr. S. Shankar, Associate Professor, Department of Mechatronics Engineering, Kongu Engineering College, Perundurai delivered a lecture on “**Research Publications – Citation Analysis**” In his talk he explained about Parameters & Weightage of our institute for NIRF ranking in an intelligent approach, where he gave an interesting and astonishing fact about citation analysis in Google scholar profile which was an eye opener for the participants. He also listed some major indexed journal like Scopus, SCI, Pubmed, Google scholar etc, to for publishing the research findings. He highlighted some importance about Plagiarism norms that

are followed by universities. Finally he explained about the importance of brainstorming for getting new ideas and selection of research problem which is very important step for doing research. The lecture was of great potential in adding knowledge on the undiscovered aspects of citation analysis.

Programme 2: Guest Lecture Program on “Proposal writing and Funding Agencies” -

11.01.2020

Dr. T. Parimelazhagan, Professor, Department of Botany, Bharathiar University acted as a resource person and delivered an inspirational lecture entitled “**Proposal writing and Funding Agencies**” to the faculties and research scholars of all the disciplines. In his presentation, he pointed out the significance of good proposal writing which has social impact and deliverables. The importance of collaboration between academic and industrial field was emphasized by him. He also mentioned the importance of literature review, effectiveness of budget structure, the methodology and standard journal publications like Scopus, Elsevier was helpful for acquiring government funded projects. He gave idea about various fellowship opportunities by the government of India. He also encouraged the research scholars to engage in inter-disciplinary research work.

Programme 3: A Special Meeting on “Basics of Data Analysis using Excel” – 27.02.2020

A Research Conclave & Research Scholars Circle has started **functioning** in the Institute from **27.02.2020** to co-ordinate and support the initiatives by the scholars. **Ms. P. Kalaiyarasi** and **Mrs. C. Bagyalakshmi, Ph.D.,** Research Scholars, Department of Computer Science acted as internal resource persons and delivered an effective lecture and technical session entitled “**Basics of Data Analysis using Excel**” to the institute research Scholars. In their presentation, they remarked the introduction on Excel, formatting and data analysis. Finally the query raised by the Scholars was clarified by the resource person in effective manner.

Programme 4: A Special Meeting on “UGC NET JRF – A Roadmap for a Scholar to benefit as a Researcher” – 05.03.2020

A Research Conclave & Research Scholars Circle has conducted a special meeting on “UGC NET JRF – A Roadmap for a Scholar to benefit as a Researcher” on 5th March,

2020. The internal resource persons **Ms. R. Sneka** and **Ms. M. Sathya**, Ph.D Research Scholars, PG & Research Department of History anchored the session effectively. They laid the roadmap for scholars to attempt JRF exam in the upcoming years. They also shared their hardships during their journey of preparation for UGC NET JRF. At the concluding session the query raised by the Scholars were clarified by the resource person in effective manner.

RESEARCH CONCLAVE

RESEARCH SCHOLARS CIRCLE

Research Scholars Circle has been formulated on 06.01.2020 and inaugurated the same on 27.02.2020. The goal of Research Scholars Circle is to initiate research dialogues and support the initiatives by the scholars. It comprises of M.Phil. & Ph.D. Research Scholars. The members regularly involve themselves in interacting with R&D organizations and research institutes. The fruitful deliberations by the peers on research issues empower them to take the right direction. The research chapter is constantly in touch with the candidates with regard to the progress of their work, the funding resources available to them and expedites their submission in time. Research Conclave has framed the vision, mission and goals to be achieved. The same has been updated in the Vellalar College for Women website under Research Conclave Tab.

The objectives of research scholars circle is required

- To participate in a conference and to present atleast one paper in a National or International conference every semester
- To publish two or three research articles in peer-reviewed journals
- To organize research-oriented Programmes through the Circle
- To crack the national level tests like NET, CSIR

In connection with the objectives **Ms. P. Kalaiyarasi** and **Mrs. C. Bagyalakshmi**, Ph.D., Research Scholars, Department of Computer Science acted as internal resource persons and delivered an effective lecture and technical session entitled “Basics of Data Analysis using

Excel” to the institute research Scholars. In their presentation, they remarked the introduction on Excel, formatting and data analysis. Finally the query raised by the Scholars was clarified by the resource person in effective manner.

Department of Zoology

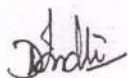

Programme under DBT – Star College Scheme

Hands on Training on Silkworm Rearing Technique

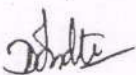

Date	: 06.09.2019
Venue	: Sekar Serifarm and Late age Rearing Centre Athani.
No. of Participants:	
1. I B.Sc., Zoology	: 06
2. II B.Sc., Zoology	: 08
3. II B.Sc., Chemistry	: 01
4. I B.Sc., Maths	: 05
5. I BA., History	: 02
6. Faculty Members	: 2

Sericulture plays an important role in economic development of rural sector and the sericulture industry also provides employment opportunities in rural and semi urban areas. To gain in depth knowledge in this field and to impact practical skill a hands on training programme on silkworm rearing was arranged for the students on 06.09.2019 at Sekar Serifarm Athani, Erode District under DBT Star Scheme. Er. A.K. Chandrasekaran, Proprietor, Sekar Serifarm, Athani detailed about the stages of silkworm rearing, care to be taken, factors essential for the silkworm development, the quality of mulberry leaves for the silkworm health and the materials necessary for sericulture. He also explained about the range of temperature, humidity, light intensity etc., and also about the protection of the young larva from ants and lizards. Next, the students visited "Late age rearing centre" owned by Mr. Palanisamy, Agriculturist, Athani. He explained about the care and skill required for silkworm rearing, which is the important factor for getting the best quality cocoon and also to increase the quantity.

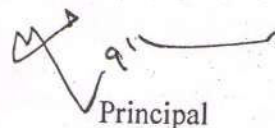

He also articulated about the cross ventilation facilities, clean environment, reduction of contamination, spread of disease, appropriate time for mounting the silkworm larvae and also about rotary moutage of Late age silkworm rearing. Through this visit, students were exposed to practical skill in sericulture and also the financial aspects for establishing silkworm rearing and silk production units. 2 staff members and 22 students from different disciplines were benefitted by this programme.

Programme under DBT – Star College Scheme

Field visit to Vermiculture Industry

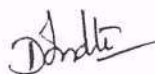

Date	: 14.09.2019
Place	: Karthick Vermicompost Industry, Vadipatti, Madurai
No. of Participants:	
1. III BSc. Zoology students	: 10
2. Faculty Members	: 2

Now a days, the need for vermicompost has increased due to the awareness on organic farming. The vermi compost unit of the college is maintained with nutritive bed materials and good quality composting earthworm species. In order to learn about the advancements in the field of vermitechnology and to enhance the skills in vermicompost preparation, the staff members and students visited Karthick Vermi compost Industry, Vadipatti, Madurai on 14.09.2019 under DBT- Star college scheme. Mr. S. Shanmugavel, proprietor of the industry explained about the new techniques involved in the vermi compost preparation. The students gathered information regarding latest method of vermibed preparation, humidity control, disease control and also about the marketing strategies.

The students had a chance to learn about the methods of pure and high quality organic manure preparation within a short period. The visit helped them to improve and enrich the vermi compost production in the college vermi unit and to understand the current scenario in vermi industry.

25.09.19 - Government museum, Erode

No. of Participants:

1. Faculty Members : 31

Report

Biological Science is promoted with conservation of animals and plants in an era of the biodiversity depletion. To train up the teaching and non teaching members on the maintenance of museum, a Two Day Faculty Development Programme on "Preservation and Maintenance of Biological Specimens" was organized on 24.09.19 & 25.09.19 under DBT-Star College scheme. The programme started with a prayer song, Dr. D. Indumathi, Head of the Department welcomed the gathering and introduced the resource persons, Mr. D. Balaraman, Taxidermist, Officer Grade-I, Government museum, Chennai and Mrs. B. Jency, Curator, Government museum, Erode to the audience. The Principal, Dr. N. Maragatham, offered her felicitation.

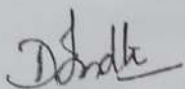

During the technical session I, Mr.D. Balaraman explained about the wet preservation technique. He highlighted the preservation problems related to wet mount like evaporation, discoloration, leakage and deterioration of specimens and how to rectify them. He also gave the protocol for the preparation of preservative solutions for specimens. The resource person also demonstrated the dry mount using crab and Bird's egg. The participants individually practiced both the wet and dry mount techniques using egg, crab and sankara fish and displayed their preparations.

In technical session II, Mrs. B. Jency gave guidance to various stages in bone and skeleton preservation technique like boiling, degreasing, drying, bleaching and installation.

She also explained the procedure for skinning and stuffing of birds and re-adjusting of broken feathers and preservation of plumage.

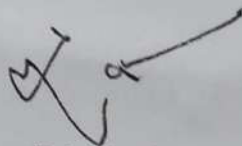

On 25.09.2019, the sessions were held at Government museum, Erode. Mr. D. Balaraman detailed the methods of labeling the specimens as per the taxonomic position. Mrs. B. Jency gave an overview on safety measures while labeling, preserving the biological specimens. She explained about the systematized repositories of biological specimens. The importance of slide mounting like initial fixation, maceration, dehydration staining, clearing and final mounting were demonstrated by the resource persons. The interaction with the resource persons has enriched the knowledge of participants on various preservative techniques. Thirty one participants got benefitted by acquiring practical skill in specimen mount, preservation and maintenance.

The importance of biodiversity conservation through specimen maintenance and refurbishment was inculcated among the participants through this programme.

Intellectual Property Rights (IPR)-Evolve your Invention to Sculpt your Ideas

Resource Person: Dr.E.Murugan

Assistant Professor of Electronics

Hindusthan College of Arts and Science

Coimbatore - 28

Programme Objectives:

- To stimulate the creation and growth of intellectual property by undertaking relevant measures
- To Create an awareness about the benefits of Intellectual property among all and explore new ideas

Programme Outcome:

- To attain the Capacity development by strengthening and expanding human resources by inculcating the research and skill building in Intellectual Property

Date: 26.09.2019

Time: 11.30 a.m.

Venue: III B.A.English Literature – F4

All are cordially invited

REPORT

On 26.09.2019, the Internal Quality Assurance Cell (IQAC) and Intellectual Property Rights Cell (IPR) jointly organized a special lecture on “Evolve your Invention to sculpt your Ideas.” The main objective of the programme was to simulate the creation of intellectual property and make the faculty explore new ideas. Dr. E. Murugan, Assistant Professor of Electronics, Hindusthan College of Arts & Science, Coimbatore, was the guest speaker. He gave comprehensive details on e-filing to apply for patent. He spoke in detail on the patent types, Complete Specification and Provisional. He explained about obtaining digital signature and presented complete information on e-mudra and ipindia e filing. He delivered a gamut of information related to Form 1,2,5,9 & 18 which was of phenomenal usage to the participants. The programme ended with a positive outcome of expanding the participants’ knowledge on building intellectual property.

A training programme was organized by the department of Zoology under DBT- Star College scheme on 27.09.19 and 28.09.19. Mr.A.Chidambaram and Mrs.Kamala Chidambaram, Mentors and Artisans, Founders of Indian mulberry Natural silk cocoon handicrafts, Salem gave hands on training to make fashionable handicrafts from silkworm cocoon waste. In this training programme the cocoons unfit for reeling are utilized as the raw materials. The students were trained to make toys, flower vase, key chains, finger cap, ear rings, garlands, bouquet etc. The participants enthusiastically learned the techniques of selection, processing, colouring and cutting of cocoons for making the best quality, long life products out of rejected cocoons. They also gained knowledge on marketing strategies. Fifty one students from different disciplines such as English, History, Chemistry, Commerce and Zoology were benefitted through this programme. The programme enhanced the skills for self- employment and encouraged the green business among the students.

Internal Quality Assurance Cell (IQAC) & Intellectual Property Rights (IPR)

Jointly Organize

Guest Lecture

on

INTELLECTUAL PROPERTY RIGHTS (IPR) AND FILING PROVISIONAL PATENT IN INDIA

Resource Person: Dr.P.Sivaprakasam

Associate Professor & Head

Department of Physics

Sri Vasavi College,

Erode – 638 316

Programme Objective:

To comprehend a wider perspective of IPR and to crack modes of filing patents.

Programme Outcome:

To undertake innovative ideas leading to inventions and to obtain and protect a patent.

Date: 18.10.2019

Time: 11.00 a.m.

Venue: Lab IX

All are cordially invited

REPORT

The IQAC and IPR jointly organized a Guest Lecture on *Intellectual Property Rights (IPR) and Filing Provisional Patent in India* on 18.10.2019. Dr.P.Sivaprakasam, Associate Professor and Head, Department of Physics, Sri Vasavi College, Erode, was the guest speaker. He spoke on the importance of invention which may be a tool, a mechanical gadget, a concept or an idea that will impact or improve humanity as a whole. He encouraged the participants to engage in inventive activities and detailed on how effective patent protection stimulates research. He stressed the significance of getting patents which is a protection for intellectual assents and to avoid duplication. He explained the need to file patent applications early to avoid the risk that someone else has obtained or will obtain a patent on the same idea. The participants got a clear idea of the process involved in filing the provisional patents. The beneficiaries were 47 faculty belonging to various disciplines.

Brief report of the Programme

The Department of Nutrition and Dietetics, Vellalar College for Women, organized a one day workshop on “A Pragmatic Approach to International Cuisines” on 24/10/2019. Dr.S.Deena, Vice Principal & Director, Catering Science and Hotel Management, Sri Ramakrishna College of Arts and Science, Coimbatore, acted as a resource person and delivered lecture on Chinese and Italian cuisine. The session geared up with a Chinese saying, “Eating is a necessity but cooking is an art”.

The extraordinary sensory attributes of Chinese cuisine lies on the addition of distinctive ingredients (green onion, ginger, garlic, aniseed, peppercorn, dry red pepper, white pepper powder, soybean sauce, light/dark soy sauce and vinegar). Further, the uniqueness of the recipe relies on the usage of cooking utensils namely, wok, wok shovel/ladle, Chinese scoop strainer, long chopsticks, rice cooker, pressure cooker, bamboo steaming baskets and cleaver. The most famous Chinese dishes viz., sweet sour chicken or pork, spring rolls, fried shrimps and cashew, chow mein, dumplings, egg fried rice, spicy tofu and wonton soup were highlighted in the session. Every year, February 13 is celebrated as “National Eat Italian Food Day”. The most iconic foods consumed in Italy are pizza, risotto, lasagna, truffles and gelato. Pizza was designed during 18th century. The most common ingredients used in the Italian recipes are wine, pasta, olive oil, garlic, rosemary, capers, lemon, porcini mushrooms, basil, polenta and tomatoes. The utensils used in making Italian dishes are pasta pot, garlic press, grater and colander. Chef G.Shankar, Assistant Professor, Catering Science and Hotel Management, Sri Ramakrishna College of Arts and Science, Coimbatore, demonstrated few cuisines of Chinese – Sweet corn egg drop soup, Mediterranean – Greek salad, Italian - Macroni cheese sauce, Srilankan – Vattalappam and Mexican – Grilled chicken Quesadillas.

Regional level Workshop on Research Based Pedagogical Tools (RBPT-VCW 2019)

Vellalar College for Women, Thindal, Erode – 638012, Tamilnadu

December 5 - 7, 2019

Report

The aim of the workshop is to introduce and train participants to use a new pedagogical technique Research-Based Pedagogical Tools (RBPTs) - which can be used for science teaching at the undergraduate level. This method focuses on understanding the process and concepts of science, rather than memorizing facts. Teachers were trained to use (RBPTs) in their regular classrooms, in order to improve critical thinking and research skills among students. It encouraged teachers to explore alternative methods of pedagogy and make undergraduate science education more learner-centric.

Level 1 Three-day Regional level workshop. A team of 5 Trainers who were trained by a team of experts from UK and also certified by Centre of Excellence in Science and Mathematics Education (CoESME) and IISER Pune provided training to all participants on all three days.

Trainers:

- Dr. T. Robinson, Associate Professor & Head, Dept of Mathematics, Madras Christian College, Chennai, Tamilnadu
- Dr. P. Wilson, Associate Professor & Head, Department of Chemistry, Madras Christian College, Chennai, Tamilnadu
- Dr. N. Srinivas, Assistant Professor, Dept. of Zoology, PG Govt. Degree College, Kakinada, Andhra Pradesh
- Dr. Kannan Ramaswamy, Assistant Professor, Dept. of Physics, Birla Institute of Technology and Science, Pilani, Rajasthan
- Dr. S. Murugan, Associate Professor, Dept. of Biotechnology, Karunya Institute of Technology and Science, Coimbatore, Tamilnadu

Trainees:

Sixty Faculty members from Mathematics, Physics, Chemistry, Botany, Zoology, Computer Science, Nutrition & Dietetics, Computer Applications, Computer Technology, Information Technology, Foods and Nutrition, Biochemistry of our College and various other Colleges affiliated to Bharathiar University, Coimbatore.

The workshop was conducted for three days from 9.30 am to 4.30 pm. It consists of common sessions on general aspects of RBPTs as well as discipline specific sessions. The sessions were designed to train participants in designing and deploying RBPTs and also to develop strategies to assess the learning outcomes amongst students. They employed a combination of theory and activity based methods to explain various principles of RBPTs.

Day One

Inaugural Session : During the inaugural session of the workshop, Principal welcomed the gathering. We had an introductory talk about RBPT organised by IISER, Pune and British Council by the Organizers.

First Session: **Three in three** - the **People** involved, **Purpose** of involvement and the final **Product** were introduced. **Effective Pedagogy** - Various pedagogical methods to foster the skills and attitudes that are expected from the students was explained.

Second Session: **Ideal student** - Participant groups were asked to prepare posters to list interests, attitudes, work habits, and ambitions of a perfect student and also a perfect teacher. These activities were implemented in mixed groups consisting of delegates from various disciplines.

Third Session: **Paper Planes activity** - Learning's from Paper Planes preparation, displaying the same as a poster and explaining to the peers.

Fourth Session: **Learning through Questioning** - Review the goals of RBPTs in terms of learning and Questioning.

Fifth Session: **Student research and autonomy** - Background, concept of student research and autonomy were discussed.

Day Two

First Session: **What is RBPT? Why RBPT required? and Implementation of RBPT.** He further elaborated on strategies needed to follow RBPT, 5R's (Require, Refine, Recognize, Report and Reward) and how regular practicals differ from RBPT?

Second Session: **Elements of RBPT** - Revised Structure of RBPT and its six elements (Context, Problem, Activity, Resource, Output and Assessment) - Discussion about 3C's (Context, Content and Connection) and 3R's (Researching, Reflecting and Reasoning)

Third Session : **RBPT Examples** : Discussion about RBPT examples and Presentation on one example of RBPT from each subject

Fourth Session: Participants were divided into groups (subject-wise or interdisciplinary) and each group is instructed to take some provocative contexts and to **develop RBPT** from the context.

Fifth Session : **Poster Preparation**

Day Three

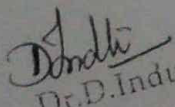

First Session : **Preliminary review of Posters** - Posters were displayed for getting feedback from Peers and Trainers. Participants refine RBPT's based on review and finalize their Posters for Presentation. Group Photo was taken.

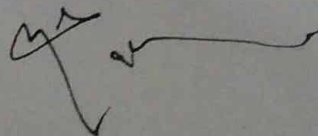

Second and Third Session: **Presentation of RBPT** by each group and evaluation by peers and trainers and the list is given in the table below.

S. No.	Department(s)	Problem	Context
1	Computer Science & Mathematics	Identification of Gender and Age of a Person from blog /facebook	Authenticity of Author Profiling in Social Media
2	Computer Science & Mathematics	Traffic crawls on arterial roads in erode	Horn Free 2020
2	Computer Science & Mathematics	Identifies issues-Water and air pollution	Healthy environment Vs Healthy workforce
3	Computer Science & Mathematics	Is digitalization develop Indian economy?	Digitalization & Indian Economy 2020
4	Computer Science & Mathematics	How to apply the concept of matrix in digital image processing	Vikram lander found
5	Computer Science & Mathematics	To develop the security for the person who are in need of help	Eagle auto system
6	Life Science	SWM-Critical concern & need attention.	Solid Waste Management
7	Life Science	In India, about 75% of the population was found to be at risk of life style diseases.	Diet & Lifestyle disease - Food is Medicine
8	Life Science	Malaria, Dengue, chikungunya, Nile virus, Zika virus	Mosquito Larva controlled by Neem leaf product
9	Life Science		Adolescence and Anemia
10	Chemistry and Nutrition & Dietetics	Teens too busy with smartphones; lack of exercise is making them obese and pron to heart disease	8 & 8 = Sweet 16. Ate & Ate = Obesity
11	Chemistry and Nutrition & Dietetics	Decolourisation of Dye Effluents using Adsorption	Water Pollution due to Effluent Discharged into River Cauvery by Dyeing Units in Palliupalayam
12	Physics	Identifying the emitted pollutants from erode corporation wastages using metal oxide semiconductor based semiconductor	Sensor for sensing pollutants
13	Physics	To rectify the harmful hazards of LED radiation	LED constructive & destructive to nature
14	Chemistry and Nutrition & Dietetics	Decolourisation of dye effluent from dying units	Dye effluents-rest in peace

Fourth Session: **Summing up:** Discussion about the 3 day RBPT workshop

Fifth Session : **Valedictory Session** : Trainers and Participants expressed their views about the three day RBPT workshop. Certificates were distributed to all participants.

Coimbatore

Brief Report of the Programme:

In the one day International seminar on ‘Emerging Trends in Nanoscience’ funded by UGC held on 19.12.2019. Dr.N.Vijaya, Assistant Professor & HOD of Chemistry welcomed the gathering. Thiru.S.D. Chandrasekar,B.A., Secretary & Correspondent, Vellalar Educational Trust offered his felicitation and Dr.N.Maragatham , Principal, Vellalar College for Women offered her felicitation.

In Technical session I, **Dr. Kuppuswamy Arumugam, Department of Chemistry, Wright State University, Ohio, US** gave a lecture on ‘**Development of Gold Complexes as Cancer Therapeutic agents**’. He explained elaborately the role of gold complexes in treatment of cancer.

Dr. S. Abraham John, Professor, Department of Chemistry, Gandhigram Rural Institute, Dindigul served as the Resource person for the Technical session II and he delivered a lecture on ‘**Synthesis and Application of Nanomaterials**’. He had presented various methods by which nanomaterials can be synthesized and explained their applications in different fields.

In Technical session III, **Dr. S.Vasantha, Head, Plant Physiology, Sugarcane Breeding Institute, Coimbatore** enlightened the participants on ‘**Sugarcane for Prosperity and Posterity**’ She had given very interesting information about sugarcane.

Feedback from the enthusiastic participants was obtained in the Valedictory session. Dr. P.Abirami , Assistant Professor & HOD, PG and Research Department of Botany proposed the vote of thanks and certificates were distributed to the participants. Number of beneficiaries of the seminar is 358 including 44 faculty members and 134 students from other institutions.

Title of the Programme	Proposal writing and Funding Agencies
Date of the Programme	11.01.2020
Details of Resource Person	Dr. T. Parimelazhagan, Professor, Department of Botany, Bharathiar University, Coimbatore.

Brief report of the programme

Session: “Proposal writing and Funding Agencies”

A Research Committee is functioning in the college to co-ordinate and supports the research initiatives by the students and faculty. Dr. T. Parimelazhagan, Professor, Department of Botany, Bharathiar University acted as a resource person and delivered an inspirational lecture entitled “Proposal writing and Funding Agencies” to the faculties and research scholars of all the disciplines. In his presentation, he pointed out the significance of good proposal writing which has social impact and deliverables. The importance of collaboration between academic and industrial field was emphasized by him. He also mentioned the importance of literature review, effectiveness of budget structure, the methodology and standard journal publications like Scopus, Elsevier was helpful for acquiring government funded projects. He gave idea about various fellowship opportunities by the government of India. He also encouraged the research scholars to engage in inter-disciplinary research work.

WORKSHOP ON MAT MAKING

The Self-Employment Training and Start-up centre organized a workshop on Mat Making to the final year students of our college on 13.01.2020. Dr. D. Parimala Devi, Associate Professor & Head, Department of Business Administration with CA, Vellalar College for Women(Autonomous), Erode has taught the students about different methods of mat making.

WORKSHOP ON SOAP MAKING

The Self-Employment Training and Start-up centre jointly with the Department of Business Administration with Computer Applications has organized One Day Workshop on “Soap Making” on 27.01.2020. Mrs. Prema Ramesh, Teacher, Fevicryl Company, Erode and Part-Time Lecturer in Sona College, Salem demonstrated the process of making soaps. Around 215 participants including the SHG members and students were enriched with the art of making their own soaps using natural ingredients.

Astronomy: From Concept to Observation

Department of Physics

February 6, 2020

Report

"Look at the sky. We are not alone. The whole universe is friendly to us and conspires only to give the best to those who dream and work." -APJ Abdul Kalam

The aim of this workshop is to create awareness and kindle the interest among students about the space science and astronomy.

One day National workshop on Astronomy: From Concept to Observation

One day National workshop was inaugurated on 06.02.2020 by Our Secretary Thiru. S. D. Chandrasekar and felicitated by our madam Principal Dr. N. Maragatham. Dr. P. Anitha, Assistant Professor of Physics, welcomed the gathering. Totally 700 participants including 137 outside participants from various colleges have attended the workshop. Dr. M. Yogeswari, Assistant Professor of Physics, proposed the vote of thanks.

Technical Session I: This Fascinating Astronomy - Dr. V. Anand B.Sc., MDS., Professor & Head (Amateur astronomer), Department of Dentistry, Meenakshi Medical College Hospital & Research Institute, Kanchipuram has acted as a resource person. He started his talk with the quotes from Paul Davis "Upon this Earth I have Small treasure of Room". Then he explained about Borties scale of sky. He briefed about various types of binoculars, telescopes and their limitations. He emphasis that how Saturn rings are constantly changing its width and how the constellations have to be identified. Finally he attracted the attention of the participants by showingsome interesting astronomical pictures.

Technical Session II: From Galileo's Telescope to Hubble Telescope - Unveiling the Cosmos - This session was handled by Mr. K. Sakthivel, President, Coimbatore Astronomy Club, Coimbatore. He summarized about the history of astronomy right from Greek period to today's scenario and the theory behind it. Further he highlighted

the different types of telescopes from Galileo's telescope to Hubble telescope. Finally he highlights the knowledge of resolving power of telescopes.

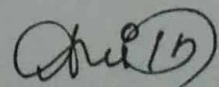

Technical Session III: Introduction to Observational Astronomy - This session was handled by Mr. S. K. Vishwanath, member of Bangalore Astronomical Society, Bangalore and Mr. Niranjana Prasad, Avid Astronomer, Bangalore Astronomical Society, Bangalore. They taught about finding of present location and position of stars, he added how to navigate the celestial bodies by means of telescopes. They gave detailed lecture about basic terminologies used in astronomy and astrophysics.

Night Sky Watch: Night sky watch program was handled by Mr. S. K. Vishwanath, Mr. Niranjana Prasad and Mr. M. N. Sundar along with five volunteers from Salem, Chennai and Coimbatore. Three telescopes were made to focus the view of the stars like Venus, Moon, Nebula, Kiruthika Nakshatra a cluster of seven stars. More than 80 public and nearly 1100 students of our institution enjoyed the sky gazing star party.

Planetarium Show & Museo Bus: Planetarium Show & Physics Museo Bus was arranged in Non-residential hall and it was inaugurated by Our Secretary Thiru. S. D. Chandrasekar and our madam Principal Dr. N. Maragatham. Dr. S. Soundaraja Perumal, Joint Director, Tamilnadu Science & Technology Center, Chennai one who rendered a help to arrange museo bus and planetarium to our campus. Mr. Saravanan, technician from Tamilnadu Science & Technology Center, Birla Planetarium, Chennai conducted more than 15 Planetarium show. 12 physics experiments and 12 fun physics experiments were exhibited in the mobile museo bus to inculcate the knowledge through small and simple experiments. Totally 1311 participants were benefitted out of this program.

Department of Zoology Programme under DBT - Star College Scheme

Workshop on "Basics in Microbial Technology"

Date	: 14.02.2020
Venue	: Zoology smart Classroom, VCW, Erode.
No. of Participants: 156	
II B.Sc., Botany	: 32
III B.Sc., Chemistry	: 20
III B.Sc., Nutrition and Dietetics	: 36
III B.Sc., Zoology	: 33
I B.Sc., Zoology	: 35

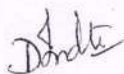

One day workshop on "Basis in Microbiological techniques" was organized by the department on 19.02.2020 under DBT star college scheme. The purpose of the programme is to introduce the basic principles and applications of microbiology and to familiarize the skills and techniques involved in it. Dr.D.Indumathi, Head of the Department of Zoology welcomed the gathering.

In the technical sessions-I, the resource person Dr.M.Elayarajan, Associate Professor, Water Technology Centre, TNAU, Coimbatore gave a presentation on the topic "Identification and Analysis of Soil Microorganism." He explained about the types of soil microbes, role in the decomposition of organic matter, recycle of nutrients, plant growth and also about the change in microbe population due to soil pollution. He demonstrated the dilution procedure, soil bacteria culture and identification methods to the participants.

Technical session-II was handled by Mr.K.V.Pradeepkumar, Manager, Guru Enviro Tech, Chinniyampalayam, Erode on the topic "Preparation of microbial solution for sewage treatment." He explained about the economic importance and industrial application of bacteria. He demonstrated the microbial solution preparation for solid and liquid waste management, pest control and soil health management and to eliminate odour in the poultry industry. He showed the bacterial strains used in the preparation, formula for starter culture

and mass culture and field application. The students learned the procedure for microbial solution preparation. Dr. V.S. Kavitha, Associate Professor of Zoology proposed the vote of thanks.

Practical work not only promotes experimental learning but it also encourages self learning and makes student independent and increases confidence level. The workshop familiarized the basic techniques in microbe identification, culture and application of them in various fields. The students were motivated towards career and research opportunities in the field of applied microbiology.

II B.Sc., Zoology	: 6		

A DBT- Star College Scheme sponsored one day Interdisciplinary Symposium on "Entrepreneurship strategies in Sericulture and Apiculture" was organized on 26.02.2020. The Objective of the programme was to create better awareness about various business opportunities available in Silk industry and Apiculture and to ignite the interest of entrepreneurship among the youth.

Dr.D.Indumathi, Assistant Professor and Head, welcomed the gathering and introduced the theme of the symposium. In the technical session-I, Mr.S.Jayaprakash, Regional Joint Director, Department of Sericulture, Salem delivered a lecture on the topic "Role of youth in Sericulture and Community development". He said that sericulture is a women friendly occupation and export oriented business. He also highlighted the employment potential of sericulture with low investment and high returns and added a note about loans and schemes available for entrepreneurship.

In the technical session-II Mr.C.M.Vishnu, Consultant for Apiculture and Fish Farming, Teacher for connect nature @ shona Farms, Chettipalayam, Karur gave a lecture on "Sustainable Honey bee culture and Marketing Apiary products."

In his presentation he explained about the Honey bee variety, enemies & diseases, products of Beekeeping, effective maintenance of bee hive, extraction and marketing of honey. He also gave suggestions to improve the honey yield. He enlisted the benefits which include, easy activity, low maintenance, inexpensive after initial investment, helps rural development and encourages biodiversity.

Mrs. P.Kalaivani, Assistant Professor of Zoology proposed the vote of thanks.

Since, both Sericulture and Apiculture are agro based activities with vast potential, they could supplement the income and employment generation in rural areas of our country.

A Report

The Department of Physics has organized and conducted a DBT sponsored **Two Day Lecture Workshop for Graduates in Physics through problem solving techniques for higher education** on 03.03.2020 and 04.03.2020. **Dr. S. S. Naina Mohammed**, Assistant Professor, Department of Physics, Government Arts College, Udumalpet acted as Resource Person. The session starts with a strong discussion on future scopes and opportunities for the students who are going to complete B.Sc Physics. His wide area of talk covers the topics of Mathematical Physics, Electromagnetic fields, Classical Mechanics and Quantum Mechanics. This lecture workshop serves as a platform to meet competitive exams such as TOEFLE, IIT – JAM, University entrance exams etc. Previous year questions with solutions were also given to the students. Mrs. F. Shahida Shireen, Associate Professor & Head, Department of Physics welcomed the gathering. Faculty members and students of II B.Sc and III B.Sc Physics enthusiastically participated and interacted with the resource person. A total of 90 participants got benefitted.

RESEARCH CONCLAVE & RESEARCH SCHOLARS CIRCLE

Golden Jubilee Webinar

“Madame Curie Webinar Initiative” – Series - I

REPORT

The Research Conclave and Research Scholars Circle jointly organized seven days “Madame Curie Webinar Initiative” from 21.04.2020 to 27.04.2020. On April 21st, **Mr. N. Gowthaman**, Assistant Professor, Department of Law (crime or tort), Government Law College, Chengalpattu acted as the resource person in the morning session and spoke on “Social Media and Cyber Crime”. In the afternoon session **Dr. J. Jaya Bharathi**, Professor of Chemistry, Annamalai University, Chidambaram delivered a lecture on the topic “Efficient hybrid white light-emitting organic electroluminescence Materials – IPR”. On 22nd April, **Dr. M. Salahudeen**, Assistant Professor of Zoology, Jamal Mohamed College, Tiruchirapallih handled the morning session and delivered an interesting and motivational speech on the topic “Women in Research”. **Dr. Amzad Basha Kolar**, Assistant Professor of Botany, The New College (Autonomous), Chennai served as the resource person for an afternoon session and delivered a speech on the topic "Role of Soil microbes in enhancing the yield of natural forming". **Dr. P. Janardhana Kumar Reddy**, Associate Professor of Education, Bharathiar University, Coimbatore was the resource person for the third day (23.04.2020) morning session and delivered a talk on the topic “The Characteristics of a Good Research” and **Dr. Joice Sophia Ponraj**, Research Fellow, Department of Micro and Nanofabrication, International Iberian Nanotechnology Laboratory, Portugal acted as the resource person for the afternoon session and delivered an interesting lecture on the topic “Motivating students towards research by evaluating worldwide opportunities in STEM”. The remaining sessions were shared by research scholars of our College. On April 24th, **S. Suguna** and **D. Kavi Bharathi** of M.Phil, Research

Scholars, Department of English gave a talk about “Scholarly Journal: An Outline”. The next day's session was handled by **M. Nadhiya** of M.Phil., Research Scholars, Department of Commerce on the topic “Recent Trends in Banking Sector”. Then **E.K. Ramya, S. Mownika** and **K. Bhavadharaniparkavi** of Ph.D., Research Scholars, Department of Botany, Vellalar College for Women delivered a talk on the current issue “Outbreak of SARS COV 2 - A Pandemic Disease” on 26th April. At last, on April 27th 2020 the session was shared by **L. Jamuna** and **C. Nandhini** of Ph.D. Scholars, Department of Mathematics on the topic “Interdisciplinary Research and Innovations”. Almost **700 participants** including faculty members, research scholars and students of several academic disciplines of various institutions and from our institution participated and benefited through this Programme. There was an interactive session at the end, wherein the resource person clarified the queries put forth by the participants. Overall, the Webinar was fruitful and there was much positive feedback received from the participants.

RESOURCE PERSON

**Dr. A.R. Rajavel
Scientist E (Retd.)
Vector Control Research Centre
Indian Council of Medical
Research
Pondicherry**

Topic :
*How to improve your
insect identification?*

Day 2 : 04.08.2020 - 10.00 am

RESOURCE PERSON

**Dr.K.Marimuthu
Professor
Department of Biotechnology
Faculty of Applied Sciences
AIMST University, Malaysia**

Topic :
*Modern tools and strategies
in Fish identification*

Programme Objective : To help the student to understand and organize the diversity of life on earth

Programme Outcome : The student will be able to identify different species and apply their knowledge on biodiversity research in future

All are cordially invited for the online workshop

Two day online workshop under DBT-Star college scheme was organized on 03.08.2020 and 04.08.2020 on the "Techniques in Animal Identification". The objective of the programme is to disseminate information regarding Animal classification, characteristics as well as differences with other organisms and depict the true relationship between animals in evolutionary sequences and to create interest in taxonomic research.

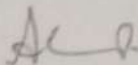

Dr.A.R.Rajavel, Scientist E (Retd), Vector Control Research Centre, Indian Council of Medical Research, Pondicherry addressed the students on "Classification of Insects and their Identification" on 03.08.2020. The workshop startled the student's thoughts in a new dimension of understanding the classification and easy way of identifying different varieties of insects. The workshop enriched the knowledge of students about the taxonomy of insects as they are inseparable from human lives. On 04.08.2020, Dr.K.Marimuthu, Professor, Department of Biotechnology, Faculty of Applied Sciences, AIMST University, Malaysia detailed about the "Approaches and Keys used in Fish Species Identification". He emphasised on the differences and similarities between different types of fishes on the basis of their morphology and anatomy which led to their grouping into taxa and clades. Ultimately

the programme implanted the fundamental aspects of species identification in research, also the interest towards the future studies in taxonomy.

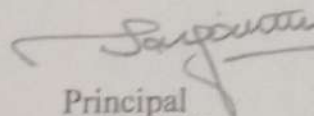

At the end of the workshop the students were deeply rooted to understand the basic of animal identification which enabled them to think and interpret individually. The lecture were well received and appreciated by the participants and they requested for more such workshops in future also.

Research Conclave & Research Scholars Circle

Madame Curie Webinar Initiative – Series II

(06.11.2020 - 12.11.2020)

REPORT

A Research Committee is functioning in the College to co-ordinate and support the research initiatives of the students and faculty. “Research Scholars Circle” was initiated in the Institution on 27.02.2020 to augment the quality of the research. The Research Conclave and Research Scholars Circle jointly organized **six** days “Madame Curie Webinar Initiative – SERIES - II” from 06.11.2020 to 12.11.2020.

The webinar titled “Exploiting Digital Information for Current Research” commenced on **6th November 2020**. The resource person, **Dr. Pit. Pichappan**, Senior Scientist, Digital Information Research Labs, Chennai, has the credit of being a Guest Professor of Zhejiang University, China initiated the webinar series. Topics covered in this webinar include a method of tracking information digitally for research, searching techniques and research information from journal articles from the researcher’s perspective. The invited speaker also detailed some major lists of libraries for e-resources. Searching techniques like Google Search and Academic Search are briefed. He gave insights about Springer, Science Direct, PubMed and Database maintenance. Presentation includes issues and challenges on the utilization of information and dark web page. The session concluded with a discussion between the speaker and participants on digital information for current research. The session was completed at around 4:30 p.m.

The webinar titled “Basics of Statistical tools” was the second session conducted on **7th November 2020**. A welcome address was given by Dr. V. Sreeja, Assistant professor, Department of Chemistry. The session was handled by **Dr. R. Parvathi**, Associate Professor and

Head, Department of Mathematics, Vellalar College for Women, Erode. The lecture started with a motivational speech. She has provided a very clear presentation regarding different tools in statistics like measures of central tendency, measures of dispersions, correlation and regression. She explained various aspects of research methodology like the framework of hypothesis, data collection, data analysis, sampling procedure, etc. She also discussed the tools applied to various disciplines. Finally, the session ends with a mutual discussion.

The program for the Third day (**9.11.2020**) began as per the schedule with the prayer song. The well-organized team of the English Department elegantly led the program. The welcome note was given by Miss. M. Sivamani followed by the introduction of chief guest **Dr. S. Akila**, Assistant Professor, Department of Computer Science, Vellalar College for Women, Erode. The first and foremost instruction of the speaker was to record the findings of the researchers. The popular research writing tools such as Google Scholar, Grammarly, Ginger, Smallseotools and their usage were explained with detailed PowerPoint slides. To improve the language and to rectify the grammatical errors, two powerful tools Grammarly and Ginger application usage was demonstrated by the speaker to the research scholars. The installation of software for grammar check was vividly picturized to the listeners. Finally, the most important topic of discussion was on Plagiarism Check and the clarification regarding the topic was given importance by the speaker. Then the program came to an end with the discussion session followed by the vote of thanks. With **103 participants**, the program was very successful and productive.

The webinar titled “An Overview of Indian Banking Sector & Opportunities in it” was the third session conducted on **10.11. 2020**. The resource person **Mr.C. K. M.Soundar**, Senior Manager, Axis Bank, Coimbatore who has a banking career of almost 10 years, presented the basic Banking structure and its functioning along with the emerging trends in banking practices. He also highlighted the opportunities in the Banking sector and gave valuable insights on the online economic transactions initiated through private-owned applications. The programme saw a participation of **57** members from various streams and ended with the active interaction, queries effectively answered by the speaker.

The resource person for the Fifth session on **11.11.2020** was **Dr. R. Parvathi**, Associate Professor and Head, Department of Mathematics, Vellalar College for Women, Erode. In her speech on “SPSS for Researchers”, she discussed the advanced analysis and inference writing on

each aspect. She gave training on how to use SPSS software. Also, how to perform analysis in SPSS and writing interpretation according to our results were discussed. She also shared various tips regarding publishing papers in SCI-indexed journals and aspects to be improved by the scholars while they prefer to publish a paper in those journals. **53 members** participated and got benefited.

The Sixth session on **12.11.2020** was titled “Get Rid of Thorns from your Doctoral Journey”. **Mrs. V. Sijina**, Ph.D. Research scholar, Department of Zoology, Kongunadu Arts and Science College, Coimbatore acted as resource person. She discussed various obstacles that are involved in performing research, ways of maintaining a friendly relationship with the members in the department, the importance of collaboration with other departments and steps to overcome the obstacles. **32** Research Scholars from various streams participated and ended with the active interaction. Totally **474** participants including faculty members, research scholars and students of several academic disciplines from various institutions and our institution participated and benefited themselves from this Programme.

RESEARCH CO-ORDINATOR
