## Institutional Scholarship Policy

To help offset the financial commitments associated with higher education, Vellalar College for Women awards scholarships and it is a merit-based type of financial aid. The policy drafted towards this objective envisions, scholarship in terms of adjustment towards tuition fee or partial tuition fee to meritorious students in each discipline every academic year.

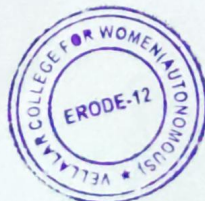

Soon after admission, every department prepares a list of candidates who truly deserve the merit scholarship based on indicators like children of single parents, economically challenged, first graduates, previous academic scholarship award, excellence in sports, extracurricular activities and special skills that can bring laurels to the institution. Eligibility is determined by institutional data, financial records and academic records. The Principal finalizes the list and recommends the names of deserving candidates to the college management for the award of scholarship/ tuition waiver/ partial tuition fee as applicable.

The availability of funds and annual budget allocation being the deciding factors, the amount earmarked for the award of scholarship varies every year. The management ensures equity in distribution, at the same time taking into consideration the number and amount of scholarship to be extended to students across all disciplines.

Adhering to the Code of Conduct prescribed in the Student Handbook in terms of discipline and behavior is the mandatory yardstick for continuance of the award. In the event of misconduct or rule violation, the scholarship awardees are liable to forfeit the award of scholarship. The merits that have given the advantage should show growth graph in performance.

Gravitating meritorious students with strings attached towards the institutional premises and to empower them as Nation Builders ensure the institutional social responsibility.
