Principal

## 6.1.2 The effective leadership is reflected in various institutional practices such as decentralization and participative management

- The effective practice of decentralization and participative mechanism is visible at every level and is clearly reflected in the Admission Process adopted by the Institution.
- The Admission Committee is headed by the Principal, and comprises two senior faculty, one representative of SC Category and two faculty members from the departments.
- The Admission Committee meets to design the Application Form and Prospectus in the context of new courses, changes in the fee structures and changes in the general regulations.
- The supporting staff gives shape to the decisions of the Admission Committee and numbers of applications are kept ready even before the announcement of the Higher Secondary Examination results.

### PTV Expert Comment:

The Admission Committee is headed by the Principal and is comprised of two senior faculty, One representative of S.C. Category and the other representatives from the Departments.

### Justification:

The HEI encourages the active participation of faculty in the academic and administrative bodies and the day to day governance is administered through the committee-based decisions. For instance, a detailed case-study on Admission Process has been submitted in the SSR

Therefore, it is requested to consider for awarding more marks.
